Part 8 | Palette 1 & Palette 2

No Lipsync

Cinders looks shocked for a second before her expression softens slightly and she wraps her tail around her kits. Cinders starts talking to them, pan up and transition into palette 2. Silhouetted cats are jumping through the clouds and upon closer inspection are made of clouds themselves.

Part 9 | Palette 2

Lipsync

Cinders' face materializes in the clouds, in the colour palette of them, singing the lyrics as the cloud cats run around her and along the clouds. She is smiling.

Cinders standing in the rain, head drooping as Whispers walks away. Transition to her leaving her kits on the doorsteps of Twolegs in montage form.

No Lipsync

Closeups on various parts of Cinders body as she walks, eventually showing her whole body.

Part 14 | Palette 1

Optional Lipsync
