

GEMENITE – Whitepaper

1. Introduction

GEMENITE is an innovative Web3 startup building a complete ecosystem that combines tokens, NFTs, and interactive games.

Our goal is to create an accessible, fun, and sustainable universe where every product enhances overall value and engages the community.

Vision: make blockchain simple and attractive for everyone.

Mission: connect tokens, NFTs, and games to drive participation and value creation.

2. GEMENITE Ecosystem

The ecosystem is built on three main pillars:

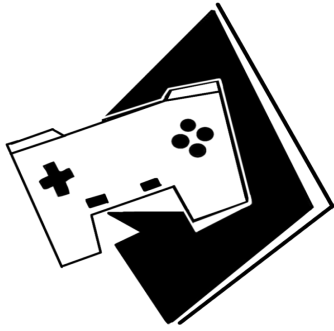

- Tokens: GXF3 (freemium/airdrop utility), and other future dedicated tokens.
- NFTs: Exclusive GEMENITE collections (playable + collectibles).
- Games: Battle Cards and integrated web mini-apps.

3. Sub-Whitepaper A – Token GXF3
