Story

Once a year, on the fabled Night of Witches, the Enchanted Isles come alive with laughter, chaos, and a hint of mischief. Witches from across the Kingdom gather for their grand magical party - a night of potion brewing, spirit taming, and spellcasting fun. But this year, something's gone wrong: charms backfire, cauldrons bubble over, and broomsticks have minds of their own. Join the adventure, lend a helping hand, and restore a little order to the witches' wild night!

This is a non-linear land, meaning that the tasks can be completed in any order. There are no quests (only 3), the player should follow the Adventurer Coin tasks to complete the land.
