

Kindergarten Summer Reading Project

All kindergarteners will be required to complete a Summer Reading Project. Here are the following requirements:

- Students and or parents will choose an appropriate kindergarten age storybook and parents will read it to their child.
- Students will get a small poster board. At the top right corner your child will write their name and at the top middle write the title of the book. Then, parents will make a line down the middle of the poster board.
- Students will draw the setting of the story (where the story took place) on the left-side with a pencil and color it.
- Students will draw the main character on the right-side with a pencil and color it.
- Your child will need to practice saying the title, saying the setting (where the story took place), saying main character and saying a detail about the character. PRACTICE, PRACTICE.
- All Summer Reading Projects are due on the first day of school.

Have a fun and restful summer vacation. We will also be working hard this summer to prepare for a

wonderful next year with all of you!

All the best,

Your Future Kindergarten Teachers
