A Short List**

The Four Watchtower Angels

Archangel Michael. Direction of South. The element of Fire.
“He Who is Like God”.

Michael is the Archangel of the First Ray of protection, faith and the will of god. The Blue ray. He is the Prince of the Archangels and the Angelic hosts, the Defender of the Faith, the Angel of Deliverance and his divine counterpart is Archeia Faith. The book of Daniel calls him ‘the great prince which standeth for the children of thy people’. Archangel Michael is the sponsor of law enforcement and Police around the world. He is the most revered and greatest Angel in many scriptures and traditions. His etheric retreat is in the Canadian Rockies at Banff, near Lake Louise. He also has a focus of light over Central Europe.

His keynote is *The Navy Hymn (Eternal Father, Strong to Save)*. The keynote of Archangel Michael's retreat is the *Soldiers' Chorus* from the opera *Faust*, by Charles Gounod. The music of the *Bridal Chorus* from Wagner's *Lohengrin* may also be used to invoke the radiance of the seven archangels and the angelic hosts.

Archangel Michael frees souls from the astral plane. He and his legions of Angels descend daily into the astral plane in their blue armor, carrying shields and swords of blue flame. They cut free those who have passed from the screen of life who can't rise to higher octaves of service and the retreats of the masters. He and his angels of deliverance work 24/7 in these astral planes rescuing souls from the accumulation of their own human creation over the centuries and also from the projections of the dark ones. They have served for many ages, Michael says he is determined never to give up until the last child of light has risen to the god source through ascension.

Archangel Michael is the one to call when we need protection, strength, or to guide us to our Angels. He assists us in cutting chords and releasing karma. Use his sword to cut through illusion, issues, contracts, and chords.

His colors are generally seen as royal blue or royal purple. His gemstone is Sugilite.

Archangel Uriel. Direction of North. The element of Earth.

“The Light of God”

Uriel is one of the 7 Archangel's that stand at the Throne of God, and one of Watchtower Angel's that serve humanity. Uriel, Light of God, brings us knowledge and understanding of the divine. He is the most radiant of angels and is depicted descending from heaven on a fiery chariot drawn by white horses.

He/she has been called the Flame of God, Angel of the Presence, and Angel of Salvation. Also known as the Prince of Light and interpreter of prophecies. Uriel rules the mental plane, our thoughts and ideas, creativity, insights, judgement, magic, alchemy, claircognizance, manifestation, astrology, universal consciousness, divine order, the distribution of power, the cosmic universal flow with the Earth's environment. Uriel is humanity's link to the spiritual realms, and shows us how to find our inner power through a process that will help each person shift into higher realms of consciousness. He is the Archangel of salvation. He can show us how to heal every aspect of life, turning disappointments into victory, finding blessings in adversity, releasing painful burdens and memories through unconditional forgiveness. Uriel uses his flaming sword to purify mental and emotional understanding and transmute lower vibrational energies into enlightened spiritual understanding. He brings the power of unconditional forgiveness to us as the key to transcending the shift entering into higher realms of energetic vibration and consciousness. He is releasing his message now because we showed our willingness to embrace the shift in consciousness and that we are ready to listen, act and transcend the human 3D experience. Uriel helps us interpret our inner voice and dreams. He guides us towards understanding our essential nature and towards taking more responsibility in our lives. With his

guidance we can fulfill our potential as creators. He helps us find our inner light, to become as radiant as the sun when we express the fullness of the love and beauty within ourselves.

Archangel Raphael brings us the gift of healing and shows us how to heal ourselves through love and joy. He allows us to find healing in nature and in the universal energies. He gives essential and complete healing of any kind of evil. He is the return to the divine source. He intervenes to save our body, mind and heart, he soothes our suffering. He leads us to authentic therapists who can help us. When we assume our own healing, he encourages the healer within us, who knows what is best for our health and vitality. He is responsible for the healing of earth and its inhabitants. Moses gave him the book of the herbarium to cure all diseases. He is protector of the evening winds, the guardian of the Tree of Life from the Garden of Eden, the Angel of repentance, prayer, love, joy and light. But he’s mostly the angel of healing, science, knowledge and grace, who watches over us all. He teaches us that perfect health is when love completely fills the heart, mind and entire body. A person that is full of love is never ill. If illness occurs, it’s a sign of lack of love due to sadness, anger, jealousy, envy or any negative feeling, which must be identified, understood and replaced with love. To obtain healing, love is enough. When two or more hearts unite in the same desire, God acts to

fulfill it. In our true search for healing, we come close to Raphael's bright wings and have access to divine kindness. He will aim to lead us to greater unity and harmony. It is enough to ask with all our heart to lead us to the only real doctor, which is God.

I just recalled an experience I had with Archangel Chamuel and Archeia Charity. To me, they go hand in hand. I had done a small fundraiser many years ago for a young girl who had passed. I had set up her photo's and the energy in the space was so lovely that day. When everything was ready, I saw an incredible pink glow over the entire wall where her memorial was set up. The pink glow radiated so wide that I could hardly believe it was real. I knew the child was there, but I realize now that the Angels were there as well. The love was immense and filled the space. Love magnifies love, and there is where the Angels dwell.

From all discord sent to me
I am calling forth the violet fire
To blaze and transmute all desire
Keeping on in freedom's name
Til I am one with the violet flame
Beloved I am, beloved I am, beloved I am**
