

# Sleppie's Digital License (SD License) 1.0.0

This license is designed to provide fair and reasonable terms for the use and distribution of my projects. It's freely available for anyone to adapt and use for their own projects.

## Permitted Uses:

- **Distribution:** You may freely distribute the project in its original form on different platforms as long as you place the original source of my project.
- **Modpacks:** You may include the project in modpacks.
- **Add-ons:** You may create and distribute add-ons for the project, as long as they are compatible with the original license.
- **Creative Uses:** You may use the project as inspiration for your own creative works, such as art.
- **API Usage:** You may use the project as API for your own projects, subject to the terms of this license.
- **Installation and Play:** You may install and play the project on your Minecraft client or server without restrictions.

## Prohibited Uses:

- **Modification and Redistribution:** You may not modify or redistribute the project under a different license.
- **Commercial Use:** You may not use the project for commercial purposes or profit.
- **Renaming and Redistribution:** You may not rename the project and redistribute it as your own.
- **Unauthorized Use of Elements:** You may not use elements of the project in your own projects without explicit permission.
- **Malicious Use:** You may not use the project to spread malware or harm others.
- **Misappropriation:** You may not claim ownership or authorship of the project.
- **Theft:** You may not steal the project or any part of it.

## License Revocation

I reserve the right to revoke all permissions granted under this license if it is violated.
