

## Oberlin City Schools Canopy Details

### **Two (2) Available Express Canopy Tents**

#### **EACH ROLLING BAG CONTAINS:**

10 x 10 Aluminum Frame with Canopy

Includes: Frame, Canopy, Weight Bags (filled with bottled sand), a Stake Kit/Rubber Mallet.

#### **WHEN TO BE USED:**

For special events when shade/coverage is needed: Special Olympics, Family Fun Days, Open Doors, Teacher Outdoor Luncheons, etc.

#### **NOTICE:**

One canopy/frame WILL require at least four (4) adults to assemble/disassemble.

If you are using the Stake Kit, an adult will be required to insert each stake into the ground as they are very sharp. Otherwise, plan on using the Weighted Bags.

#### **UPKEEP:**

In order to continue providing a professional canopy for all to use, if the canopy is used during unplanned inclement weather, the canopy will have to be wiped down and air-dried in a safe, secure place.

Additionally, if the stakes are used, they too will have to be wiped clean of ground debris before returning into the provided rolling bag.

#### **TO USE:**

To request use of a canopy tent, please email Melissa Linebrink at [mlinebrink@oberlinschools.net](mailto:mlinebrink@oberlinschools.net).

On the next page is an image of what the canopy will look like once assembled (we have purchased two of the middle canopies):
