

Baby Lock Imagine Serger

Status: Available

When is it available to use?

Available to use during regular [library hours](#).

How to get help:

Get help during [staffed hours](#) or by appointment. [Contact us](#) to make an appointment.

What is it?

A serger makes a more professional and durable seam than a standard sewing machine, especially for fabrics that have stretch. The threads lock around the seam to prevent fraying, and the machine also cuts off the seam allowance as it sews. The Baby Lock Imagine Serger includes Jet-Air Threading, which threads the lower loopers with the touch of a lever, and Automatic Thread Delivery to thread in any order.

What do I need?

Thread: The Creation Station provides black and white thread for free

Fabric: Patron provides their own fabric

Basic Sewing Tools: The Creation Station provides basic sewing tools for your use including scissors, pins and pincushions, measuring tape, sewing gauge, iron and ironing board, rotary cutter, cutting mat and ruler, thimbles, threaders, needles (for the sewing machines and hand sewing), seam ripper, marking pen and chalk.

What materials can I use?

100% polyester-long fiber thread

Where can I buy materials?
