Paragraphs/Article for Listening

Paragraph A

Today, in most cities smoke and exhaust fumes fill the air and endanger the health and well-being of the people. Smoke and exhaust fumes contain harmful by-products from gasoline burned in cars and from factories. Air pollution or smog is a serious problem in some cities. Smog consists of smoke and exhaust fumes mixed with fog. To control air pollution, smoke ordinances have been passed. Smoke-belching Vehicles are checked and factories are required to reduce fumes emanating from them.

Paragraph C

Do you believe that extinction is forever? Let us do something to avoid similar findings. The Philippine eagle's population is being drastically reduced. Every year, these birds are being haunted for what? For decoration and for food. The eggs are also edible. The laws that protect eagles can either be inadequate or without proper enforcement.

Paragraph D

Julio and his father had been looking forward to their fishing trip for weeks. They didn't take much food with them on the trip. When they started fishing they were quickly approached by a forest ranger. He asked Julio's father if he had a fishing license. Julio's father reached into his wallet and suddenly got a terrified look on his face. Julio was disappointed that night as he ate dinner.
