# Sauna Restoration

## Intro:

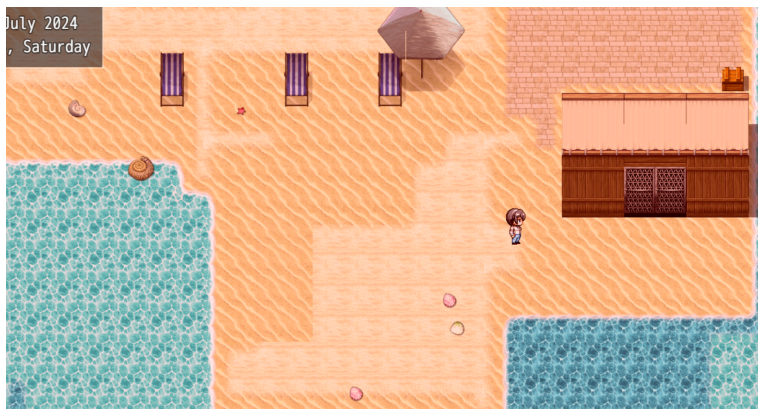

Before going to the ending of the game(The Festival Event) you have a chance to actually get different endings, and prolonging Masaru route via the Sauna Event, and the Mansion Event.

## Prerequisite:

1. You can start the **Sauna Quest** any time by walking up to the Major's house and taking the quest..

But it is still recommended for you to start after **Masaru route - Beach Day event** since the scenes only happen after you experience that event. Doing it early clears the place but currently rewards you with no content.

**However**, canonically the author puts this somewhere around *before the Bakery night happens (before RV)* if you prefer to take the perspective of Shion is still not entirely "there" yet in terms of corruption.

*Sauna location: go left from your Beach House and go south, you'll see a small hut. Interact with it to be able to speak to the Mayor about the Sauna.*

2. Obtain the quest from the Major's house(The farm map), go talk with him.
