Curriculum Adoption for 24-25

Adoption Process

Grade level curriculum pilots of Amplify ELA materials and Illustrative Math materials began at Esperanza in the 21-22 school year. ACE expanded the pilot network wide for grades 5-8 in the 22-23 school year. The curriculum pilot was initiated to explore replacement of Engage New York materials in order to better serve multilingual students with culturally relevant materials and instructional practices aligned to Common Core Standards. Materials have been evaluated* by teachers and administrators for overall quality, ease of use, accessibility, cultural appropriateness, and feasibility of differentiation.

Adoption Cost Per Pupil

	Amplify CKLA Grade 5	Amplify ELA Grades 6-8	Amplify ELD Grades 6-8 * Calculated for .75% of students	Illustrative Math Grades 5-8

Approximated Total Network Cost	\$48,722.00			

Adoption Meets California Education Code Requirements

California Education Code Section 1240(c)(2)(A)(i) states: “Commencing with the 2021–22 fiscal year, the Superintendent shall identify a list of schools, which shall include charter schools, for which the county superintendent, or a designee, shall inspect annually, and about which the county superintendent, or a designee, shall submit an annual report...(includes sufficiency of educational materials) ”

California Education Code Section 1240(c)(2)(A)(ii)(I): The list of schools pursuant to clause (i) shall be compiled as follows: The Superintendent shall include on the list all schools identified for comprehensive support and improvement and additional targeted support and improvement pursuant to the federal Every Student. **(All ACE Schools currently fall within this category.)**

California Education Code Section 60119: The specific state law that establishes what instructional materials students must have access to and where they must be able to access them. This law also mandates annual consideration of this issue, via the execution of a resolution, by the local governing school board.
