Your task is to research the part of the story you have chosen and put together a brief presentation in which you tell the story. You may find conflicting versions of the same story, so use various sources to come up with a version that makes sense to you.

We will spend a couple of class periods creating presentations. As you can see from the skills to be demonstrated (below), your presentation can include digital media, shadow puppets, acting, etc. You will be working in groups of two students, so the work of each group-member must be in evidence. Please make this easy for me to track by making a list of who does what, so I can give you individual grades. Be specific.

SL.1 – collaboration - discussing ideas
SL.2 – evaluate and integrate media sources
SL.4 – present ideas
W.3 – narrative: sequencing
