

## **The Erotic Thesaurus**

*The intent of this document is to serve as a resource in the creation of writing pornography, i.e. clopfics for My Little Pony: Friendship is Magic. The entries below were found by analyzing several popular clopfics in the fandom, although that certainly does not make this advice 'correct' or 'good' in any way. Ultimately, it is up to you to decide what descriptors to use in your scenes.*
