Measurements:

- Basic White: 4 1/4" x 5 1/2", 3 3/4" x 5", 3" x 4 1/4", die cut with fourth largest Deckled Rectangle die.
- DSP: 3 5/8" x 4 7/8", embossed with the Distressed Tile Embossing Folder.

Instructions:

1. Lay the largest piece of Basic White Cardstock on a piece of grid paper and secure at the corners with tape. Lay the first mask over the cardstock and line up with the grid paper. Secure with tape and make a mark at the corners to mark placement. Using a small blending brush, sponge VERY LIGHTLY with Pretty in Pink ink, tapping a little of the ink off on the mask before touching the cardstock.
2. Remove the mask and repeat with masks 2 and 3, making sure to line up the masks in the same position each time. Make the second layer darker than the first, and the third layer darker still.
3. Repeat with layers 4 and 5, and Old Olive Ink.
4. Using Pebbled Path ink, stamp the outline image over the sponged image and then die cut with the Layers of Beauty Dies.
5. Adhere the remaining Basic White layer, the embossed Designer Series Paper, and the die cut rectangle to the card base.
6. Add Dimensionals to the back of the die cut flowers and attach to the card base.

7. Add Adhesive Sheet to a small piece of Basic White Cardstock, and die cut the word Celebrate. Die-cut the shadow from a small piece of Old Olive glimmer cardstock. Remove the backing from the Basic White Cardstock and attach to the shadow. Adhere to the card front.
8. Embellish as desired.
