

ALABAMA

1) Bay Minette: Dr. Jessica Hagemeyer at North Baldwin Pediatrics. She didn't push the vaccinations on us once she knew we didn't vaccinate. She was very loving and considerate of our views.

2) Alex City: Dr. B. Sellers: "friendly, and accepting of any delayed-vax/non-vax decisions. "

3) Madison: "unfortunately, midwives cannot legally practice in our state. Naturopaths are hard to find also. However I looked online, and looks like there is a Linda Jarvis, MD who is a Naturopathic Dr in Madison. Try her and see if she might work"

ARIZONA

We saw Dr. Kelly England in Mesa, AZ today with Banner Health because she was on the Dr. Sears list but she was horrible!

Her office staff was barely professional, 40 minute wait in the lobby, one hour before she actually showed herself. She was condescending, sarcastic, and had a controlling demeanor. When I questioned "why" she needed to do something my son was uncomfortable with she took it as a threat and said "it's my job!" I insisted she not do it (out of respect for my son - it's his body) so she said I needed to find another doctor. She made no attempt to provide us any information or be reassuring. She also implied (through pointed, sarcastic questions) that my other son was behind in speaking (simply because he didn't want to speak to her because she was scary.) I immediately canceled my other kids' appointments.

ARKANSAS

1) Dr. Eugene Lu Arkansas Pediatric Clinic 500 S. University Avenue. Suite 200 Little Rock, AR 72205 501-664-4117
Note: will accept patients on an alternative vax schedule only. You can choose to delay vaccines up until 6-9 mos but if you're not going to start vaccinating by then you'll need to find a new dr!

2) Dr Johnny Ledbetter Little Rock Children's Clinic 9600 Lile Drive, Suite 360 Little Rock, AR 72205-6322 (501) 227-6727

4) Monterey: Dr. Douglas Hulstedt 147 El Dorado Street 93940-3127 (831) 333-1207 "Has actually recommended that I DONT vaccinate my upcoming baby because of the issues DS2 had...he as also stated that DS2 should not get anymore vaccines"

5) Redlands, California: Dr Cameo Carter, Loma Linda also has a holistic clinic.

6) Dr. Lin in Irvine, CA

7) Dr Rommie Fakhoury in Rancho cucamonga, CA for those of you in the Inland empire of SOCAL! He's really good. Finally found a doc who wont question me! Such a relief! he's a family doc though, not a ped.

8. Simi valley Dr. Mark Bruckner

9) Torrance, CA: Dr. Emily Beth Curran, MD, FAAP, Providence Medical Institute, 21311 Madrona Avenue, Suite 100-B, Torrance, CA 90503. 310-540-1334 Dr. Curran took over for Dr. Yanina Queen. She supports spacing and delaying vaccinations. She is helpful, responsive, attentive and thorough. It is so wonderful to find something you feel comfortable with and understands your needs without judging or being over conservative. I can't say enough about her!

10) Santee, CA: Dr. Donald Adema, Adema Family Medicine. We LOVE him.

11) Glendale, CA Dr Yoshi. GP/Alternative (takes all ages). 3527 Ocean View Blvd, Glendale, CA 91208 I'm not sure he even has vaccines avaiailable. PPOs ONLY. Alternative GP, does vitamin IVs. If I still had PPO, this is who I'd use!!

ILLINOIS

1) www.homefirst.com Dr. Mayer Eisenstein out of Rolling Meadows and Naperville (847) 329-2020
Chicago office may have closed, but they have Rolling Meadows, which is very close to Woodfield Mall. He is the author of this vaccine book
<http://www.amazon.com/Informed-Vaccine-Decision-Health-Child/dp/1881217361>

Update: Dr. Eisenstein very sadly, passed away suddenly in Feb. 2015. A HUGE public thank you to his family for sharing him all these years. His dedication to the vaccine injured and unwavering support and knowledge of more natural routes to health have truly helped millions; he is a legend. I was heartbroken when I heard the news.

2) Dr. CHAD (updated!) Olson out of Naperville, IL 630-548-1100

5) Oak Park, IL: Dr. Schauetter from the Green Medical Practice

INDIANA

1) Fort Wayne

SO FAR Dr Lynda Otto through Parkview hasn't given us any trouble about not vaxing. She did make it known that she recommends vaccinating to the schedule, but when we refused, she dropped it and moved on.

2) Northern Indiana Dr. Holm's office doesn't care either way, I don't think they offer vaccines there. I would see Jason Palmateer he's a nurse practitioner, he is amazing! That is in Plymouth, IN. In southern Indiana (bloomington) area I would assume most doctors don't care either way. We see the Southern Peds. and its Dr. Newbie my son almost 2 has never been vaccinated and all we had to do was sign a paper, they don't hassle us at all!

Dr John Greenwood

He never mentioned vaccines to me but does vaccinate at his office if parents wish

<http://www.olathehealth.org/physiciandirectory/21320#.UsmGIqa9LCQ>

Dr Lance Slaymaker

Is pro-vax, but one of the only Peds in the area to accept non-vax families and believes it's a parents' right to choose.

<http://www.village-pediatrics.com/aboutus/providers.asp?tContactId=101404>

I have personally used all 4 above. Slaymaker is pretty mainstream. Greenwood is great and has a little alternative knowledge.

I love Dr Brooks and Dr Rowden.

Babycenter user JHawkev (contributor) also knows of several other Docs in the city for Ks/Mo KC metro

2) WICHITA area:

Dr. Scott Rees Wichita Clinic - Northeast. 9211 E. 21st St. N. Wichita, KS 67208 (316) 609-4531 Dr. Rees is a family doctor, not a ped. He will split up vaccines, delay or not do them at all. He does give his opinion on vaccines (he is

pro-vaccine) but completely respects our decision to not use them. I have also never had to sign anything at his office saying I choose to not vaccinate my children.

Dr. Mark Hilger, West Wichita Family Physicians. He is a family doc, not a ped. I know they do give vaccines at WWFP, but after telling him I was not going to vax my son, I haven't heard another word about it from him or any nurses. He is a very caring, very knowledgeable doctor and LISTENS well to what I know to be true about my kids.

NEW MEXICO

Dr. Aaron B. Kaufman, DO Southwest Integrative Health Center 5310 Homestead Rd NE # 4 Albuquerque, NM 87110 (505) 872-0751 This is our son's doctor. He is a family doctor. He does see babies. He is not just vax-friendly, he is actually anti-vax himself. You can't get vaccines at his practice at all. At our first appointment, he asked us if we knew that they don't vax there and we responded "That's why we're here." He said "Good" and made a note in our file. He's also just a great doc for our lifestyle - very naturally inclined, "prescribes" homeopathics, etc.

6) TULSA: Dr. Payne at OU Pediatrics in Oklahoma City has been very nice and hasn't objected in any way to our kids not being vaccinated. However, Just Kids Pediatrics flat out refused to see us -extremely rude and called me specially beforehand to see if he was vaccinated (we had a homebirth). When they found out he was not, they basically degraded me for not vaccinating. This caused problems for me because I had to wait before I could change his PCP and the new appointment (At OU) was for day 8.

OREGON

1) Medford area (two docs) Dr. Wendy Hale, ND--amazing doctor and wonderful person all-around. Will order vaccines if parents request; Dr. Cindy Konecne, DOwww.valleyfamilypracticellc.com/konecne.html Will respect parents' wishes and will not push to vaccinate.

Phone: 901-761-1880 Fax: 901-683-2048 They do vaccinate, but will work with the Parent on a delayed/selective vaccine schedule that suits your needs and your child's needs. You can check out their website at www.allbetterpediatrics.com, or call the office for more information at 901-761-1880. Dr. Folz and Dr. Welch are wonderful, they even have a Breastfeeding Specialist Dr. Ware who helps with specialized breastfeeding problems. It's a great office where you're more than a chart. My daughter just loves it! p.s. from Liora, the compiler of this document: as a clue, their website uses an image from Dr. Mayer Eisenstein's vaccine choice book here <http://www.amazon.com/Informed-Vaccine-Decision-Health-Child/dp/1881217361> perhaps a hint that they are truly open minded!

3) Memphis: Laurelwood Pediatrics in Memphis. We see Dr. Chris Hansen, he is wonderful! They do vaccinate, but he never even batted an eye at our decision not to. He just said "I am comfortable with our vaccination schedule, but I see

lots of patients who chose not to and I am ok with that too." I haven't seen any of the other doctors in the practice, but I have heard they are ok with non vaccinating as well. Here is their website. <http://www.laurelwoodpediatrics.com/index.php>

Dr. Injac - "no longer accepts patients who don't vax on schedule. I think Texas Childrens put the screws to him.(Also never, ever take your child to the ER at Texas Childrens if you don't vax on schedule, they have people from CPS there just waiting to cause trouble for families who decline.)" <http://www.texaschildrenspediatrics.org/Pediatric-Medical-Group/>

A neighbor of mine that is non-vax gave me this list (might not be totally up to date)

Dr Krystal Batchelor (Katy) www.cincoranchpediatrics.com

Dr Manso (Houston and Katy) www.drmanso.com

Dr Fowler (Katy) www.pedsofnwh.com

Dr Ann Schoeder-Lee (Memorial City) Supportive of families right to choose vax, she herself was an EBFer, will regularly recommend LCs or chiropractors, respects families choice to bed share or co-sleep, intact educated. greatkidspediatrics.com

Dr Micheal Knapick (Cypress) 1960 Pediatrics Accepting of alternate vax schedules. Conservative with prescriptions, recommends alternative treatments. www.texaschildrenspediatrics.org

Dr Laural Scott (Sugarland) OK with all vax alternatives. Educated on intact care. does not recommend circumcision. www.texaschildrenspediatrics.org

Dr Cassandra Dickerson (Sugarland) Accepts delayed/select/non vax Supports bed sharing, EBFing, understands AP choices, intact educated, ABX conservative (and makes you sign the bad mommy waiver, CROSS OUT what you disagree with, and put UNDER DURESS by your sig) . www.dickersonpediatrics.com

unconfirmed:

Dr Farrior and Dr. Harper of Humble Pediatrics in Atascocita though they "inform" and try to persuade vax they accept non vaxing.

Dr. Hogan with the TX Children's Group.

Section 2: TYLER TX area: Dr. Kathleen Moore of Appletree Pediatrics 903.592.1890 I haven't been in with our kids to see her yet. But, from what my midwife says, several of her clients use her because she is ok with them not vaccinating.

2. Rene McCarty at the Lifetime Health Center is in Family Practice. She has been our doctor for the last 2 1/2 years . ok with me not vaccinating. flat office visit fee of \$50. We didn't have insurance until recently-very affordable to go see her when one of the kids got sick. Her info is: 4290 Kinsey, Ste 200 Tyler, TX 75703 903-534-0773
website: <http://www.lifetimehealthcenter.com/index.htm>

c. Nacogdoches Dr Aaron Polk is a family dr who doesn't do vaxing (even if you want it, he sends you somewhere else)!

d. Dr. Brent Wadle DO <http://www.tmfhs.org/TMFOpenbody.cfm?xyzpdqabc=0&id=738&action=detail&ref=893> We took the boys to their first appt with Dr Wadle this morning and we love him! His nurse and staff are fabulous too. No issues with no vaxes, no circ, extended bfeeding or cloth diapers!

SAN ANTONIO AREA: ...We have 2 doctors I know of. 1) Practical Approach Pediatrics and Pediatric Dentistry with Dr Adetona. He also didn't try to retract. 2) in Selma, Dr. Gloria Wright (Family Pracitce, DO). Not vax friendly (just didn't push us/ told me to not leave the country without revisiting the issue); intact and Breastfeeding friendly. We see her an I love her so far.

AUSTIN, TX:

Dr. Natalie Rusk on Anderson Mill Drive. We have had her since day one 7 years ago and can not speak highly enough about her. Have sent many friends to her and they all love her, too. She's great with slow or no vax and with uncirc. No problems at all, no trying to talk you into vaxing. No retracting. Harvard grad and on the ball when it comes to anything that should arise. She's super friendly and isn't rushed. Answers all your questions. Also pretty conservative with treatment. No rush to antibiotics or any meds. Very natural or wait and see approach but she won't hesitate to prescribe or send to a specialist if she really feels the need to.

UTAH Layton: Dr. Silas at Wee Care

VIRGINIA

1) Annandale: MyHealthbuilders <http://www.myhealthbuilders.net/>

2) Alexandria: Dr. Matt Irwin

3) near richmond, VA: Caldwell Pediatrics (near colonial heights). She is great and all the nurses are on the same page as her. We love her, my son loves going there because he always gets a new book from their office!

WASHINGTON

1) Seattle: homeopathic physician Tracy McDaniel. Doesn't turn away parents who choose not to vaccinate. Also offers preservative free versions of vaccines to parents who want to vaccinate their children. She never pressures us to vaccinate our 5 month old son & best of all respects our decision. <http://www.oneskywellness.com/practitioners-tracy.html>

2) Dr Bacon- mill creek, WA
