

My Open Source Career Map

Make a copy of this map by selecting File -> Make a Copy

Name: Date:	My essential open source story includes: What <u>must</u> exist within a project to sustain your participation? Consider both practical (technology) and inclusive (code of conduct) 1. 2. 3. 4. 5.
The career goals and skills I that I can grow in open source include: 1. 2. 3. 4. 5.	My preferred open source story includes: What is <u>optional</u> , but preferred to sustain our participation? Consider both practical (meetings in my timezone), and inclusive(non-male members of the core leadership team) 1. 2. 3. 4.
The personal values I have that I would like to align with an Open Source Project are: What do you care about in the world? From humanitarian issues, to an open web - what influence do you want to have? 1. 2. 3. I am Career Goal or Personal Goal: State your primary motivation for getting involved in open source. I.e. 'I want a job with x', 'I want to be a OSS maintainer' ----- 	How will I react when a project does not meet my goals and expectations? Your open source journey is not limited to a single project, how can you use this map to make better decisions about where to invest your time, and how to professionally navigate social structures as part of that??
The barriers I need to overcome for successful involvement in Open Source	Where do I hope Open Source can take me?

are... Do you have limitations of time, do you feel like confidence is an issue? 1. 2. 3.	in 1 year? Remembering that contribution is something you do in your spare time, what is a realistic goal for 1 year?
Who are the people you are inspired by, or would love to work alongside in an open project? Open Source provides real-life opportunity to work alongside, and to learn from experts and leaders in engineering, design, community leadership and more. 1. 2. 3.	In 2 years? Remembering that contribution is something you do in your spare time, what is a realistic goal for 2 years?
