- Accessories: Lovely Doilies (167104), Bubble Bath Faux Linen ribbon(167075), Real Red and White Baker's Twine (164051)
- Tools: Endless Love (d-167061 b-167062)
- Miscellaneous: Candy

INSTRUCTIONS:

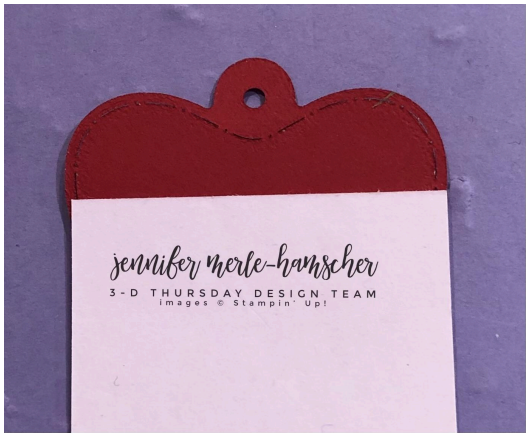

Using the large Lovely Doily Find your center and pinch. This will help you to fold over the sides.
Open and bring one side and then the other to meet where you pinched.
Burnish carefully so that you do not rip a heart.

Once both sides are folded, pick which will be your top and bottom.
Leave the top open.
Fold over the bottom to create your envelope.
Secure with glue dots/glue.

Cut 2 ¼ x 3 cardstock in both Real Red and Bubble Bath.
Corner round the bottom short section.
Die cut out a heart with the hole tab in each color.
Die cut out a heart in each color.
Die cut out a “XO” in each color (save the little heart from the ‘O’).
Die cut out an arrow in each color.

Glue the opposite color heart with the hole tab as shown above.

Pick a DSP, cut our two 2 x 4 ½ inch pieces. Watch your patterns.
Fold each piece around your candy.
Glue only the DSP, so that the candy will slide out.

Cut four pieces of Bubble Bath Ribbon 4 inches long.
Cut two Real Red and White Baker's Twine 27 inches long.
Two Bubble Bath ribbons get looped through the tab in the heart.
Loop the Baker's Twine three times evenly.
Wrap this around the Bubble Bath ribbon twice and tie in a bow/knot.

Glue your 'XO' as desired.
Glue DSP only, of the wrapped candy, to the center of the lower part of the tag.

Front envelope heart gets an arrow, the little heart from the 'O' and your sentiment (Basic White ⅝ x 2), stamped in Real Red ink.
Use glue for the arrow and heart and dimensionals for your sentiment.
Secure the heart with dimensionals to your envelope.

Hugs and Have a Great Day getting Crafty!!
