## Skills

---

I am a seasoned teacher and coach/mentor bringing 20+ years of academic as well as hand-on teaching and performance coaching to aviation.

My flying experience includes:

- Over 1100 hours total time, 600+ XC
- 288 hours in PA-28 family/ 35 hours in C-172s/ 20 hours C-182 .
- 250+ hours PIC Beech Bonanza (A-36/F33C), and 179 PA-24-250
- 250+ hours in Beechcraft Baron BE-55 B+C models
- 8.1 hours in Beechcraft Duchess
- 150+ hours dual given - Instrument/Bonanza Transition/Instructor

---

## Teaching Experience

---

### BeechTraining / Founder and Instructor

2024 - Present

- Beech Transition training focused on Bonanza and Barons
- Recurrent and Certificate training - 1 successful CFII candidate
- Flight Reviews and IPCs

### NH Flying Association /Instructor and Check Airman (BE-36 & PA-28)

2024 - Present

- Provide intro flights for prospective club members
- Deliver ABS approved curriculum for pilots transitioning to the BE-36
- Provide advanced training for commercial and IFR certificates and recurrent training

### Various Tech Companies / Manager through VP of Engineering

2004 - Present

- **Mentored and coached performance of all technical levels growing junior talent and influencing peers and leadership**
- Lead Product and Engineering functions bringing new initiatives from concept to delivery leading to increased market share and efficiency
- **Managed stakeholders from customer to internal teams** and C-Suite stakeholders from startups through Fortune 100, resulting in consistent revenue growth and **increased customer retention**

### Boston University / Graduate Course Facilitator

2008-2012

- **Using syllabus developed by the university** taught graduate level computer science classes in a virtual format to groups of 5-30 learners
- **Evaluated assignments and provided actionable feedback/grades**

### UMass Amherst / Commercial Drivers License (CDL) Trainer

2001 - 2004

- Taught students to drive CDL Class B busses (26,000+ lbs trucks)
- Evaluated progress and **recommended students for practical tests**
- **Provided company indoc and operational training** for new drivers
- Delivered training to meet DOT standards

---

## Education

---

### American Bonanza Society / Flight Instructor Academy

2024, Online

### Elon Aviation / CFI-A, CFII and MEI

2023, Burlington NC

### MIT Sloan School / Executive Certificate in Management and Leadership, Organizational Behavioral Studies
