The Hannah Elementary School PTO's mission is to institute and sustain a close relationship between parents, teachers and students by evolving opportunities within the home, school and community. The PTO provides assistance to teachers within the classroom setting, raises funds for educational materials and experiences, advocates school and family social interaction, and provides an unbiased forum for sharing information on issues that impact our children. It is our belief that the team effort of a parent teacher organization offers the best possible learning environment for our children.

Goals and Objectives:

- Promote communication between students, faculty and parents.
- Foster and enhance the educational environment.
