

The Alex Jones Show 10/3/21

As I'm sure you're all aware, the mainstream media has reported on an alleged "mass shooting" that took place in Los Angeles only some days ago. Unsurprisingly, only two days after, politicians from all around the country have called for gun control to be passed and Americans be stripped of their Second Amendment rights. Today I'm going to explain to you what's really going on and why we need to fight back against this attempt to expand the grip that those reptiles in suits have over the average American. But first, new on the InfoWars Store is our

Now then, all the media has been talking about the past few days is this shooting in Fremont, but the more you scrutinize this story the less and less it makes sense. So far none of the “victims” of this shooting have been identified, not one. How interesting. Are you trying to tell me that 8 people have been killed by some gunman and not a single one of the people have actually been reported on? Bullshit! This is a telltale sign of crisis actors folks. The people the media is reporting on being killed do not exist, they never did. They are paid actors hired by George Soros and his crew of reptiles to convince America that there's violence and murder on the streets. This is one of the oldest tricks in the book and anybody with half a brain cell should be falling for this.

You might be asking then, what's the goal of all this? Well, just look at what all we've been told so far. The “shooter” has been given no motive. Not a single clue left for why he would have done this. Last time I checked folks, people don't just go on rampages for no reason! Ted Kaczynski wrote an entire damn manifesto on why he sent bombs to people but a man shooting into crowds has remained silent the entire, nobody should buy this garbage. Also, of course, we've been told that the gunman is white. It's not a secret anymore that in 2021 there exists a war on white men in this country. The media has spent decades feminizing men and trying to destroy the American White Male, it's not allowed anymore. If you are a white man in the United States, you should be ashamed and you are dangerous, that's what the MSM wants you to inject yourself with. Men in this country are getting weaker than they've ever been, you can't be masculine anymore because that's toxic, you can't be forward with women anymore because that's rape culture, and you can't own a gun anymore because you're a ticking time bomb. Finally, we are told that the man used a semi-automatic rifle. For years the ghouls in Congress have been hellbent on trying to slowly strip away any gun rights the American people have, their main target being so-called “Assault Rifles”. What's the easiest way to convince Americans to turn away from firearms? Make them think that they're dangerous and that the average person can't be trusted with them by creating fake shootings all around the country.

We can already see the gears turning and the suits on Capitol Hill pouncing on this. Senator from Atlantic ItsZippy23 has demanded that the government ban AR-15s and tear them from the hands of law-abiding gun owners. Before the fake blood has even dried they are calling for restrictions on the American way of life. This cannot stand. We are past phase go, now is the time for all American militiamen to take out their firearms and show the government that NO! WE AREN'T GONNA GIVE UP OUR GUNS THIS EASILY! YOU CAN MAKE UP AS MANY FALSE FLAGS AS YOU WANT BUT WE WILL NEVER SURRENDER!

The InfoWars family is growing, you want to know why? Because we provide the truth in an ocean of lies. Not because we lie, not because we spread hoaxes, that's the government doing that in an attempt to control us. Many aren't going to like what I've said today but we are stronger than them, we are smarter and we are bigger in numbers. The truth is going to come out, whether the corporate press likes it or not. The American people see through your lies and what you are trying to do to this country, the truth will always come out on top. God bless you all, and God bless the United States of America.
