What Is AI Uploader?

I've made over \$130,000 with a loophole.

Until now I kept this to myself, but....

Now it's YOUR turn to...

Learn how to make \$10k APPS that pay YOU 100%, – with Chat-GPT AI in 2024!

Let me break down how insane it is that I found this and automated it...

> First some background - One of the most profitable things you can do is build and sell your own software. Then you can sell these software tools (and make 100%), or create the best bonuses - and become a super affiliate!

However, building these types of apps is technical and costs \$\$\$. I have some apps I spent over \$300k building, and it took me months to make...

Bottom line in 2024, THE most profitable marketing skill is out of reach of 99%

> But then AI appeared and changed everything - In early 2024, I realized that I could build and sell software using nothing but a SINGLE FILE I upload. Meaning...

I could AUTOMATE even the app-building, so I don't need a developer!

Well.. then... I could make instant apps from just a single file upload!

> So, THAT is where AI UPLOADER comes in - a new software app... which builds other apps! These are real, complete cloud-based apps, with password login, that you can sell. They look and function just like custom SaaS apps I paid my dev team \$1-5k for. And they can be sold for \$1k to \$40k paydays, no problemo. I know this... because I've been using this tech to build software I sold for \$100k profit myself AND sold as bonuses to make an extra \$30k!

Now for the first time ever, this most profitable skill of ALL time has been democratized. So ANYONE can create custom new browser-based software apps, just from uploading a single file (using a FREE tool that everyone has on their computer!) These apps can then be sold for \$10-100 a pop (bringing in \$1000s), or can be given away as bonuses for affiliate programs, or used as powerful lead magnets.. Or even just used for your own personal benefit (why not, it's free!)

All this benefit will be communicated to your buyers on the sales page - along with \$100k of PROOF. They will understand how powerful this is and EAT UP THE NEW FUNNEL (all custom built and only-for-this-offer). Scarcity + conversions will be NUTS!

> Anything else included? Yeah as well as the core "app building" software tool (which comes with a bulletproof commercial license), I'm also including detailed case studies and training here. Plus a prompt pack to get people started. If you care about your customers (and believe they understand the value of owning their own product, getting an edge with AI/Chat-GPT.. Or just cynically making fast money...) then you OWE it to them to spam this warrior hoplink like their bank balance depends on it. Because, quite frankly, it does.

In short, this really is THE ONLY time an offer like this has been done. And it shall not be repeated. \$100k proof and a ONE-OF-A-KIND AI APP BUILDER collide this Summer, exclusive to Warrior... Weapon up lads, it's gonna be a mad decade...

FRONT-END PRICE INCREASES - PRICE INCREASES EVERY HOUR

We have learned that scarcity results in AWESOME conversions for affiliates.

So we are increasing the price EVERY HOUR...

THE PRICE WILL INCREASE BY \$0.10 EVERY HOUR, SO CONVERSIONS WILL BE VERY STRONG, ESPECIALLY EARLY ON!

⇒ OUR NEW FUNNEL

The frontend for INFINITE AI is smoking... But the upsell funnel is nuts too!

Frontend - AI UPLOADER - \$15-23 (hourly dimesale!)

The core software, a cloud-based app.. That builds other cloud-based apps. This is the EXACT same technology I've made over \$500k with..

Upsell1 - AI UPLOADER - AI Pro/Unlimited Edition - \$47

Firstly, unlock the ability to sell even more licenses of each software app you create (up to 500!), thus increasing the potential profits to over \$10k PER APP! Secondly, access the ability to use even more pre-built apps with resell rights. Thirdly, get an even bigger "DFY pack" that wasn't available in the frontend. This is how your customers can unlock the REALLY BIG MONEY.. fast.

...

Upsell2 - DFY Google Website - \$97

The frontend includes our DFY website (wp theme), but here we're going one better and actually setting this up for our users! With domain, hosting, content and monetization ALL DFY

...

Upsell3 - ELITE AI Reseller Package Part DEUX - \$97

I'm also including resell rights to some of my top-selling AI tools of 2024. This has been one of the best performing offers when I run it in the funnel, and now it's being

expanded with extra offers and tools. This will perform very well, especially since it's so congruent with the core frontend offer.

...

Upsell4 - ELITE AI Video Suite - \$97

Everyone's talking about how AI lets you create "faceless" YouTube channels. Nice baby move. You reached level 3. But.. did you know you can create entire VIDEO COURSES too? That is.. If you get my Video AI suite, including multiple software tools, a new AI Chrome extension and an entire video course hosting platform with resell rights (so you can cancel your Kajabi subscription.. Then turn around and let your customers do the same too!) Oh.. and it's all done with AI. Hopefully you're learning.. Once more, my upsell #3 are better than 99% of marketers front-ends.

...

Upsell5 - GPT Buildrr - \$97

Shhh. This shows you my loophole to generate unlimited media and software tools (of a different type to the one I used with Infinite AI). Another super congruent offer, which is why I'm confident anyone promoting will see a frontend sale (which pays 100%, remember) suddenly turn into 4x \$97 sales (btw we don't do downsells, and follow up members with NAKED links - so expect LOTS of \$200/sale customers here!)
