

My first project is to create the presentation slide for BIWTC's "2023 HVAC Technician Info Session presentation" They give me a presentation slide text. I need to create a new layout, and image for the presentation slide. They want the new presentation slide is fun and interest, need to make audience interact with it.

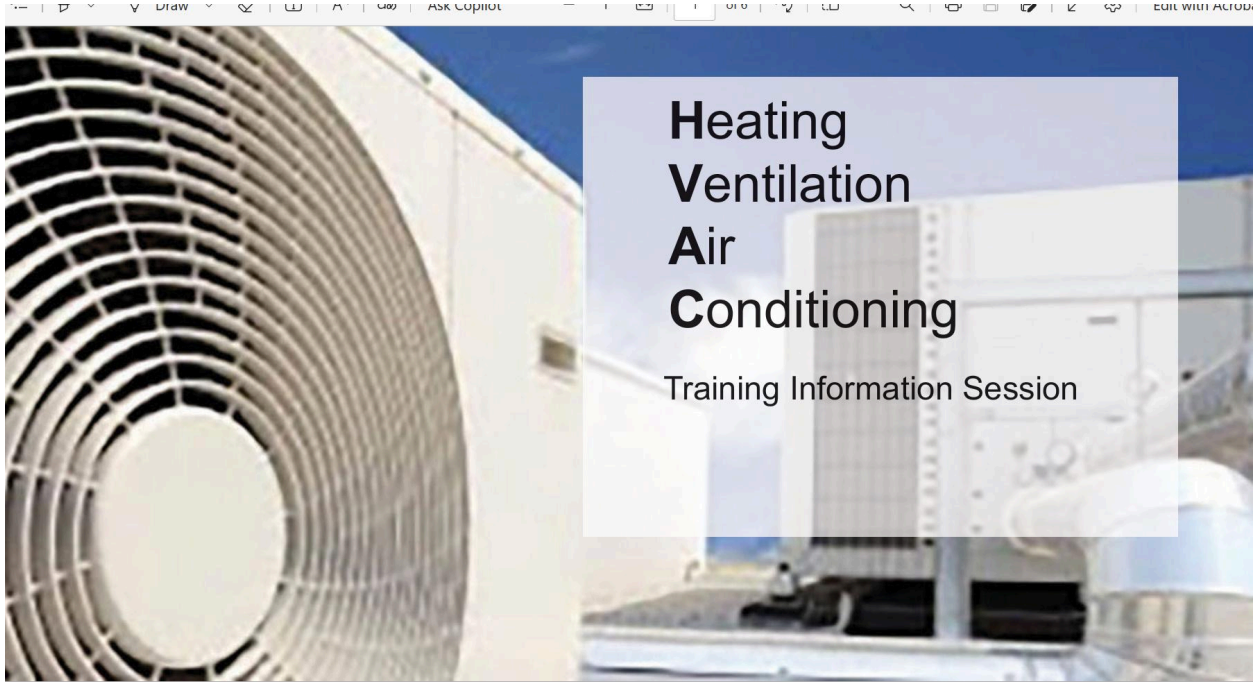

This is the example presentation slide that they need me to refined.

Then, I start to use the Indesign crate the layout for the presentation, and add the image during the progress. I make each slide page with different layout, because difference layout gird, can make people decrease the tired for their eyes.

This is the example for work in progress:

Heating Ventilation Air Conditioning

Training Information Session

presentation by

Division of Continuing Education
Business & Industry Workforce Training Center (BIWTC)
Building Skills. Transforming Lives.

Before we begin

- Being on camera is NOT required so please take this moment to turn your cameras off.

- Please keep phone or computer on mute during the presentation

- During the presentation you can post questions in the chat box

HVAC Technician Pre-Apprenticeship Training Overview

to do list

- 9:00 AM - 4:00 PM Mon thru Thurs
- 4:00 PM - 5:00 PM (Mon-Thurs) training session
- Training schedule will be distributed in advance to manage expectations
- Training will take place at the CUNY New York City College of Technology in Downtown Brooklyn.

I email to my supervisor RAFAYEL HOVHANNISYAN for my work in progress page and ask the feedback. Then he email me with his feedback.

Hi SongShi,

Thank you for sharing the document. Is it possible to change the photo on the background of the first page and insert a picture with a better quality? Also, the P letter seems a bit off on the 2nd page of the word Presented by. Could you also change the picture with the name of our center with better quality picture?

On the 5th page, where you inserted a to do list, can you please separate it and insert the real schedule that we have? You can separate pages; more pages are okay.

On the last page, can you either take out the graduation picture or change it with picture that works better with the rest of the pictures on that page?

Sincerely,

Rafayel Hovhannisyan <RAFAYEL.HOVHANNISYAN32@citytech.cuny.edu>

NRTA Spring 2023 Schedule ...
977 KB

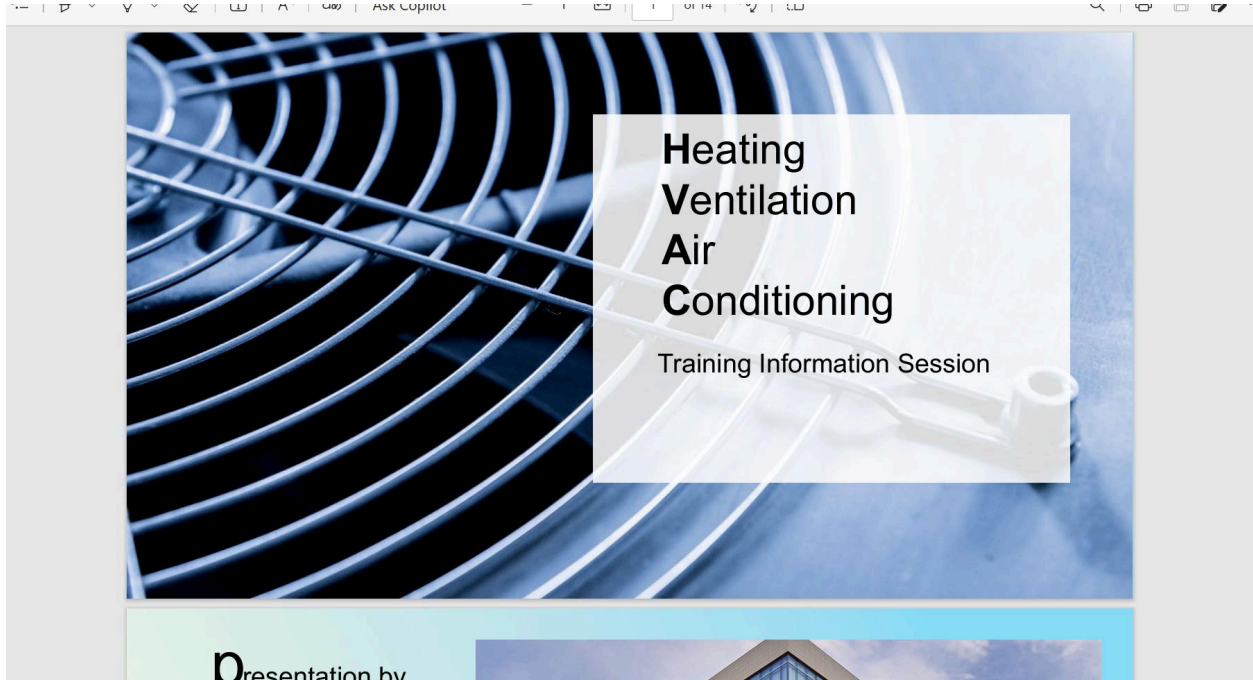

You can also use this schedule.

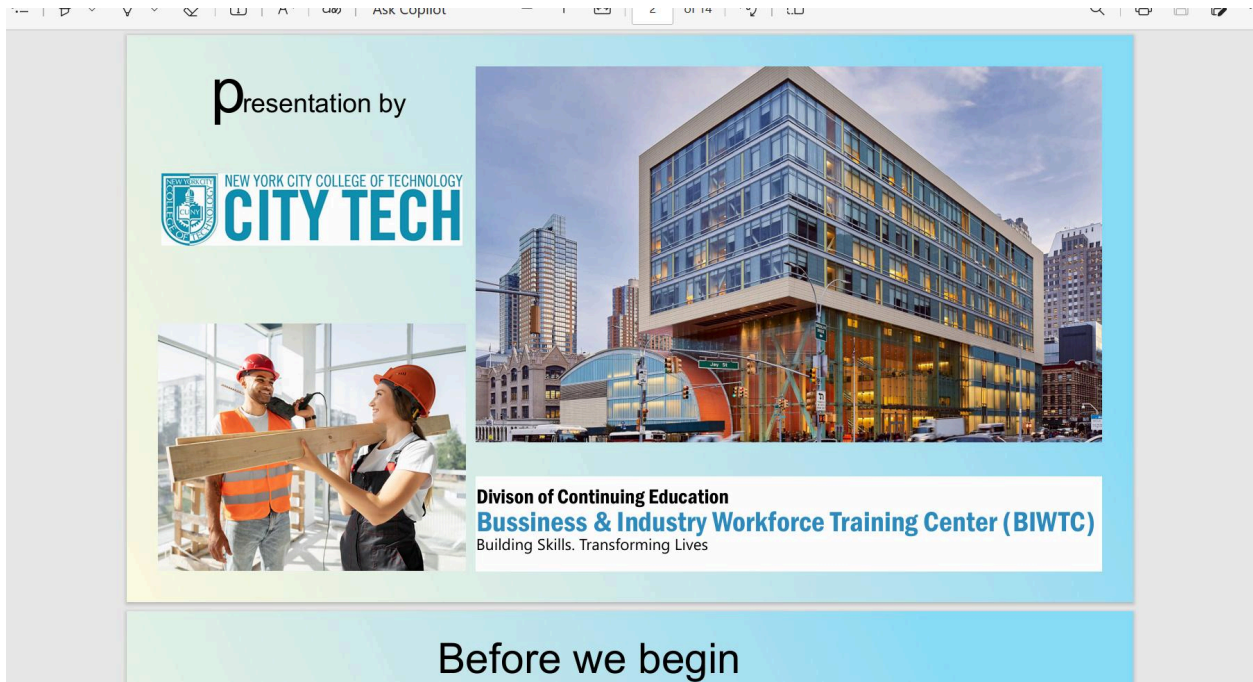

Sincerely,
Rafayel Hovhannisyan
Program Associate, Business & Workforce Training Center
New York City College of Technology
300 Jay Street, General Building
Brooklyn, NY 11201
(718) 552.1175

Then, according to his feedback. I start to revised the presentation. I take some time to look for some high resolution image to place.

For BIWTC logo, because in the first draft. My supervisor RAFAYEL HOVHANNISYAN mention the BIWTC logo is blur. Then in the refined one, I take some time to look for some similar type in Indesign for match the original type.

I also place the schedule in the presentation according feedback.
