- **Hello,**
Once again the Entrepreneur class has created a business. This year's company is the PI Threads Co. As a company, we have created a sweatshirt, t-shirt, and stickers that are being offered for sale. With every purchase of a sweatshirt or t-shirt, stickers are available for half off.

100% of the Proceeds from the T-shirts go to the PI Sharing Shelves and the proceeds from the Stickers and Sweatshirt

Attached below are the posters with QR codes for the sweatshirts and Tis the picture of both stickers and sweatshirts we have available plus a link provided to the order form of our products. Please reach out to Ms. Banach for any additional question at diane.banach@pineisland.k12.mn.us

PRIOR Announcements:

- The Panthers weren't able to put any runs on the board against the Cannon Falls Bombers who put 2 runs up of their own. Jenna "Jackhammer Schleusner went 1-for-3 with 1 2B; Jaedyn Voeltz went 1-for-2. Caitlyn "K"rusher" Lerum went the distance only allowing 5 hits while striking out 10.

It was an exciting game with the Lady Panthers eking out a 4-3 victory over the Lourdes Eagles in the bottom of the 7th inning. The Panthers scored 1st in the 1st and 2nd innings. The Eagles put up 2 runs in the 5th inning to tie the score. The Panthers answered back in the 6th when "Tenacious" Teagan Barnett had an RBI single to plate Ava "Avalanche" Pokrandt who got on with her own single. The Eagles made it a nailbiter when they scored a run in the top of the 7th to tie the score. Caitlyn "K"rusher" Lerum (3-4) laced her 3rd hit of the night for a double to left center. Sophia "Powerhouse" Polzer beat out a bunt and Ruby "Rock and Roll" Severson was intentionally walked. After an infield pop fly out, Kiley "Clutch" Passow executed a beautiful walk off squeeze plating Lerum. Caitlyn "K"rusher" Lerum went the distance and had 7Ks.

Wear blue during the month of April to support all of our friends and family who are on the autism spectrum.

1. Autism spectrum disorder (ASD) impacts every 1 in 44 children. Boys are five times more likely to get diagnosed with it than girls.
2. Autism is among the fastest-growing disorders in the United States.
3. The term comes from the Greek word autós or self. Autism, in general, means being alone.
4. Autism affects all nationalities, creeds, religions, races, and sexes. It does not impact or differentiate any single group, though it is 4x more common in boys than girls.
5. Autism spectrum disorder is a developmental disability with symptoms that generally appear before the age of 3.
6. Individuals with autism spectrum disorder present symptoms in different ways. Social and communication delays and repetitive and restricted patterns of behavior are general symptom categories of autism.
7. Autism can be genetic.
8. Children with autism may be creative and find passions for music, dance, art, theater, etc.
9. Researchers hypothesize that autism symptom presentation in males and females may differ, leading to the latter not getting diagnosed promptly. This may be the result of females being prone to hide their difficulties due to social norm expectations.
10. Females with autism have been an understudied group within research.

Causes

1. There is no specific cause of autism.

2. Genetics are a determining factor involved in most cases of autism spectrum disorder.
3. Children who have siblings with autism are at a higher risk of receiving the same diagnosis.
4. Extensive studies have found no links between autism and childhood vaccinations.
5. The behaviors parents engage in do not cause autism spectrum disorder in children, whether before, during, or after pregnancy.

- Spring Football

Pine Island Football will be hosting a Spring Football Camp for students in grades 3-8. Camp will be run by high school coaches and players on the varsity football field.
