Logootee

PLAYER HANDBOOK
TRADITION - TEAMWORK - TOUGHNESS

“Success is the peace of mind which is the direct result of self-satisfaction in knowing you made the effort to become the best of which you are capable of becoming.” John Wooden

Why do we play the game?

To challenge ourselves to be the best we can be...
on the court, in the classroom, and in the community...
through TEAMWORK, DISCIPLINE, AND SWEAT...
TEAM ABOVE ALL!

Things to think about...

There is no glory in practice, but without practice there is no glory!

What you fail to do in the dim lights of the weight room; in the off-season; and the empty gymnasium at practice will be exposed in the bright lights of the arena on game night.

Don't be too cool to communicate! Cutting down the nets in March is cool!

Be hungry for excellence, not for success. When you pursue excellence, success will follow.

How do you want to be remembered? What do you want your legacy as a Lion to be?

Want to be the guy that everybody else on the team wants in the foxhole with him.

...this is the Lion Way!

Mission Statement

Lions never fail to do everything to prepare...

We understand the old adage that failing to prepare is preparing to fail. We will never hesitate to make sure that we work on our weaknesses in workouts, practices, and on our own. We will put ourselves in optimal condition by maintaining proper health and conditioning practices—always getting bigger, faster, and stronger. Our coaches will never fail to prepare us for our opponents and we will use the edge to our advantage. *We will always be more ready than our opponents!*

Lions know the game...

We know the rules; we know our opponents; we know situational basketball; and we understand our roles on the team, as well as our teammate's roles. *We are students of the game.*

Lions make defense the cornerstone of their development...

We defend with ball pressure from inside-out; we become the aggressors; we realize that defense is the one constant of outstanding teams. *We realize that DEFENSE WINS CHAMPIONSHIPS!!!*

Lions control the critical moments in basketball games...

We recognize those key points in a game where the winning teams take charge of the game; we practice executing clock situations; we will be a team who scores the first and last baskets of each quarter; we will score on possessions following timeouts; we run our set plays to perfection. *We do the little things to become champions!*
