Dear Families:

Thank you for contacting our Business Office about bus transportation for your child. You have requested pay-to-ride placement on one of our established routes because your child is not eligible for free busing. We are planning to schedule "pay riders" during the second week of school. This enables us to determine if there is a route and space on the bus to accommodate your request.

District 70's policy is that the fee be paid **in full before** the student begins riding the bus. The cost to transport students this year is as follows:

2025-26 Pay-to-Ride Bus Fees Per Student

Entire School Year	\$ 950.00
To Ride One Way – Entire School Year	\$ 475.00
To Ride Both Ways – One Semester	\$ 475.00

The bus driver will be notified, in writing, of your child's transportation information.

Please make the check payable to *Libertyville School District #70*, and forward it to the Registrar in the Educational Resource Center (ERC). A permit to ride will be sent, by mail, within a few days to the child's home.

If the bus company informs us that there is not enough room on the bus for "paid riders" or there is no route going into your area, we will refund your money promptly and notify you by phone.

BUS TRANSPORTATION APPLICATION

Part I:

Requesting busing for the entire school year: _____

Requesting busing for: _____ August – Winter Break _____ January – June

Part II:

_____ a.m. (from home to school)

_____ p.m. (from school to home)

_____ a.m. and p.m. transportation
