VU Scholarships Program – Consent to Disclose Student Data

Parents/Guardians of the Class of 2025

We are thrilled to share a new scholarship identification opportunity for your student. **Civic Memorial High School** is joining other area schools/districts to partner with VU Scholarships. The VU Scholarships provisional scholarship program (the VU Scholarships Program) matches academic accomplishments with corresponding post-secondary scholarship offers from colleges, universities, and other post-secondary institutions with whom VU Scholarships has partnered. It is a great way to see what opportunities are available for a student! Once a student has the list of opportunities, it is up to the student to decide if they would like to apply for admission to a particular Post-Secondary Partner.

With that said, we are excited for our students to see what opportunities are possible after high school and are here to answer any questions you or your student may have. With your consent to participate in the VU Scholarships Program, **Civic Memorial High School** will provide Student Data to VU Scholarships so that the scholarship identification process may begin. To learn more about what Student Data is provided to VU Scholarships from **Civic Memorial High School**, what VU Scholarships does with the Student Data, who it is shared with, and to provide consent for Civic Memorial High School to disclose the Student Data, [please click here by October 25, 2024](#).

For more information on VU Scholarships, please visit their parent page at www.vuscholarships.com/parent
