

Eduardo Supports

Eduardo/Ace

Ace C

Eduardo:(Jump) FOR VALENCIA!

Ace: For... what?

E: Valencia, Valencia!
(Jump)What else?!

A: Um... pardon me,
but what are you going to do
for Valencia, exactly?

E: Sacrifice this life
to punish my enemies!
I will give it everything I have!(Jump)
FULL CHARGE!(Erase)

Ace B

A: Hey, reckless kid.

E: Oh, that hurts.
Why so cold, comrade?

A: Why not so cold?

E: Well, we are both simple front linesman,
ready to give up our lives at any moment.
We should be friends while our
short lives last!

A: As... insightful as that is,
I'm no generic soldier.

And I don't plan on
dying anytime soon.

E: Oh?
How confident.
I suppose you are not a
true knight like me, then!

A: If being a knight means
throwing your life away,
then I suppose you're right.

E:

Ace A

E: Ace.

A: Yes?

E: I have thought about what you said.
After some time, I must say...

A: Come to your senses, have you?

E: What you said is true.
A knight is a sacrifice.
I am but a pawn in this army.
And I will do what I can to
kill as many foes as possible
before I myself fall.(Jump)
So nothing has changed!
That is all.

A: Heh... you're an interesting fellow.

E: I've been called that many times.

A: I can imagine.
You know, it'd kind of be a shame
if people like you died off.
Even if your concept of a knight
is reckless beyond belief,
it's still selfless.
So don't get TOO reckless, okay?

E: Indeed.

The longer I live the more times
I get to yell "FULL CHARGE"!

A: Haha, that's right.

Eduardo/Shuuda

Shuuda C

Eduardo: Shuuda, you lack
the will of fire!
Without it, your charge forward will
reach only a fraction of its potential!

Shuuda: Heh, I dunno about that,
I've got a pretty strong will.
You think you're tougher than me?
Or braver, maybe?

E: If I come back from my frontal assault,
we shall discuss this again!
Until then!
CHARGE!

Shuuda B

E: Not bad, Shuuda, but you
could never become a knight.
After all, knights must have
valor beyond the normal man.
We must always-

S: That's enough, Eduardo.
Keep going, and I'll have to
use my new, special move on you.
I call it the "Silencer".
It's a one-hit KO move...
Get hit, and you'll never make another charge again.

E: Alas, mere threats cannot stop
my inevitable ride forward!
Action, and only action,
is my course of action!
ACTION IT IS!(Charges Away)

S: I can't tell if he's dumb,
or brave to a fault...

Shuuda A

S: Urgh, I give up, man.
You win, alright?
I've tried to keep up with
your shenanigans as much
as humanly possible, but this
has become more of a 24/7
suicide mission than a friendly
competition of strength...

E: A break may indeed be needed
for one as young as you, Shuuda.
But for me, I must keep going,
for the moment I stop,
I may lose that which carries
me in the first place!

S: H-hey, wait!
Eduardo!
If you keep going at full speed
all the time, you'll kill yourself!
Haven't you heard of pacing, man?
Slow and steady wins the race?

E: ...But this isn't really
a race, is it, Shuuda?
Peoples' lives are at stake...
This is a duel.
A duel between two groups,
and the one which rests too long,
will end up too unprepared
for the one which awakes early.
I must keep going forward,
because the moment I stop,
I do not lose the race--rather,
the race itself ends,
and I would have wished that I had only kept going!

S: Huh... that...
that actually...
That actually kind of
sounds logical...
Woah, you're not just a

crazy bastard after all?!

E: Perhaps crazy, but I would like to think I have not lost all my wit!
For Valencia, I will give it
my all, lest I lose that which
I have to give!
Better now than never!
I would rather risk it all than
regret leaving something unrisks!
That is all,
my friend, Shuuda.
If you wish to stand with me,
then by all means, let us go!
Full power!(Presumably Charges away)

S: Ha... this guy
really is crazy...
But here I am, nonchalantly
following in his footsteps,
throwing my little life away.
Looks like stupidity's contagious.

Eduardo/Lyam

Lyam C

Eduardo: Where is your VIGOR,
my fellow knight?
Your passion is most lacking.
This just won't do, Lyam!

Lyam: Your passion is too
overbearing, I'm afraid.
Haven't we been through
this enough, Eduardo?
(It seems he makes everyone on
horseback his eternal rival...)

E: Ha, but that is my
line, my friend!
If you are a knight,(Jump)
CHARGE AT FULL FORCE!(Erase)

L: And get myself killed?
No thank you.

Lyam B

L: You truly bring new meaning
to the word "idiot", Eduardo.

E: Such harsh words, Lyam!
Are you, perhaps, jealous?

L: J-Jealous?!
You've gone mad, Eduardo.
When I trained in the
way of the knight,
not once did I think
of anything like you.

E: A knight is the shield,
loyal, and protective.
After all, a shield is always
out front, unable to harm,
only able to protect
its wielder!

L: Then how do you manage
to slay the enemy...

E: Alas, I don't truly harm anyone!
I simply pay retribution
for their own malice!

L: Ha, a play on words, I see.
Perhaps I misjudged you.
There is some value
in what you have said.
Still, I cannot fathom why
you must be so reckless...

E: FOR VALENCIA!!!
(Move) FOR SOLUUUUMMM!!!

L: [CloseEyes]Sigh...

Lyam A

L: I am truly beginning to fear
for your safety, Eduardo...

E: Why, how kind of you, Lyam!
This is much different from
your normal words of chastity!

L: Uh, chastity?
I'm afraid there is not such
a form of the word "chastise"
as you meant to say, Eduardo...

E: Ah, well, you know what I meant
to say, so it's all the same!

L: Bah... I'm getting
a headache here...

E: Fear not, Lyam, I shall venture
forth into battle on your behalf!
(Erase)

L: Urgh... I won't lose
to this guy...
Even if it means keeping up
with his incessant shenanigans...!

Eduardo/Liuke

Liuke C

Liuke: You're so careless!
So reckless!

Eduardo: Oh, you're so kind!
Thank you!
Thank you!

L: I'm not complimenting you,
you fool!
How could you be set to protect me...
this is an outrage!

E: Indeed!
I should be on the front lines,
risking my life for fame and glory!
Alas, I've been assigned here...
how tragic a fate!

L: How tragic a fate!

Liuke B

L: Oh, please save me...
The sight of you fighting
is like watching a man
trying to dispose of himself,
yet barely surviving every time...

E: Suicide?
No!
This is the romance of dawn!
The path to becoming a
knight in shining armor!
This is a sacred contention
between me and ideals!

L: No matter what you call it,
you are simply being a fool.

E: Foolery is the epitome of bravery!
And brave I must be for me to do well!
Onwards!(Erase)

L: Tsch... at least when he dies,
I'll get someone less insane...

Liuke A

Eduardo: Are you well, my dear Liuke?

Liuke: Do not call me "dear", you fool.
And moreover, how have you ever
managed to stay alive this long?

E: All weapons fall shy of my brilliance!
As long as my heart holds true,
I cannot be struck down! The power of the rebellion is with me!

L: Well, I do not deny the
power of the rebellion,
but you are nothing
but moronic in nature.

E: Oh, how your words tear at my soul.
How could you be so cold,
my fare Liuke?

L: I am not "fare", either!
I just... my best friend...
you just remind me of him!
And you want to know how he died?
By fire!
Throwing himself into a blazing hell,
trying to save someone's life...
and in the end,
he could not even save his own.

E: I see... however, is that
story not a noble one?
To put others before yourself...
such is the nature of a knight.
That is my true goal...
and even here, protecting you,
I shall achieve it!
I will put you before myself,
and do my best!

L: Ugh... fine!
Stay here!
But you better keep protecting me!
Don't go running off
and leaving me behind!

E: Never!
Neveeeeeerrrr!!!(Erase)

L: Right on cue, he disappears.
No concoction of mine
seems to get to him.
"Make do with what you have",
I suppose...
