

# Ashley celebrates her 2nd year in the CMS Journalism class.

By Keila

Ashley is in 8th grade in CMS. She has been in the Journalism class for 2 consecutive years. She really enjoys the activities they do here. How about you try it too?

Ashley has been a loyal fan of Mr. Brown. That is why I asked her about why she chose Journalism. When I asked her about why she chose Journalism as her Elective in 8th grade she said, “I chose this class because it is fun and my friends chose it.” Ashley really enjoys the time she spends in the CMS Journalism class. When I asked Ashley about how she feels about the class so far she said, “I like the class so far and it is fun.”

*“Mr Brown got more strict and he wasn’t as free as last year.”*

*- Ashley*

Every class is going to be different each year, new people come to the class and it will be different. When I asked Ashley about if she thinks the class changed and if yes how it changed, she said, “I think it changed because we are going through the units faster not like last year.” When I asked her about if she could describe what she likes about this class and what her favorite part is she said, “It’s fun, entertaining and educational. My favorite part is that this class is entertaining and fun.”

Ashley enjoyed her first year at the CMS Journalism class. The first time she had the Journalism class was in 7th grade, she really enjoyed the stuff she did here and the students that were really fun. She made some new friends and she enjoyed the activities they did. They were really entertaining. Since it was her second year, she must have noticed the difference between last year and this year’s class. When I asked Ashley about what she misses about last year's journalism class she said, “What I miss about last year is that it would take longer to do the writing which means that if you finish early, you would get more free time.” Ashley finished her writing assignment early and that makes her have free time and do other stuff in class.

This is how Ashley feels about her second year in Journalism. “I

really recommend this class for your next year. Hopefully you will enjoy the time you spend with Mr. Brown and the class!" She really enjoys this class and you might too! You should try this elective for your next year in CMS!
