DragonFly Athletics

15 years as ATC

I recently moved into a full-time role with DragonFly Athletics working on DragonFly MAX, a mobile athletic medical records platform. I've spent the last 14 years in the secondary school setting as an Outreach AT for STAR Physical Therapy at Donelson Christian Academy in Nashville. I currently serve as the Secretary of the Tennessee Athletic Trainers' Society after previously holding positions on both the secondary

school and communications committees. I also previously published Athletic Trainer Weekly, a curated newsletter of relevant content around the fields of athletic training and sports medicine.
