

TechnoHybrid Kipo AU Chapter 2 The Bear Human and The Mega Jaguar Plot

Meanwhile, at Scarlemagne's palace, the abducted human hostages from Kipo's burrow are all confused and worried. Hoag berates Lio and blames the whole incident on Kipo. Lio stops Hoag, claiming that the situation is his own fault and that Dark has it out for him. Soon after, everyone is sprayed by pheromones except for Lio, whom Dark commands his nobles not to spray, stating that "this is between you, me and Scarlemagne."

Back at the destroyed Burrow, Troy, Asher, Dahlia and Jorei express shock at Kipo's jaguar arm and disgust at Dave's molting, and Dr. Susy It's Impressed about this Jaguar Arm.

Though overwhelmed, Troy asks whether the four of them are going to take down the Mute who destroyed their burrow and says that he "wants in". Kipo and Anthony discourages Troy and the twins from helping take down Scarlemagne and Dark, believing the mission to be too dangerous, and discusses what to do with them before agreeing to split up: Anthony, Kipo and Dave head to Scarlemagne's Palace to free Lio and the others-- leaving a trail of Dave shells so that Mandu can track them-- while the Zack Gang, Other Gangs, 3 Bisexual Gang, Benson, Wolf, and Mandu take Troy, Asher, and Dahlia to the Hybrid Humans and Humans Camp for safekeeping, and Zack Gang trying to explain Destroyer and Diaboli about this, and after this, Destroyer and Diaboli joins Zack Gang after this explanation. The 3 Bisexual Gang, Benson and Wolf look at each other nervously as Kipo and Anthony flies away, them feeling that the Burrow humans may need some surface training before taking them to the rowdy Hybrid Humans and Humans Camp.

Whilst traveling to Scarlemagne's palace, Kipo and Anthony's Mega Flamingo gets attacked by the Mega Monkey under pheromone control, who knocks their off the Mega Flamingo.

They runs through the forest, trying to avoid its pounding arms while Dave attempts to regain control over the startled flamingo. By singing her father's song to the primate, Kipo and Anthony eventually manages to pierce through the Mega Monkey's induced rage. Both and the Mega Monkey have a brief moment before the collar becomes active again, though before it can spray more pheromones, Kipo with Anthony Riding on her uses her Mega Jaguar arm to break it, freeing the primate. The Mega Monkey is grateful and attempts to tell Kipo and Anthony something, but she is unable to understand. Knowing both has a mission to complete and what Dark and Scarlemagne may do to her, Kipo tells the monkey that she cannot come with them but gives the primate a blue armband as a reminder that they will always be friends. As they flies away, both tells Dave that both feels like there's something special about that monkey, and he agrees, saying that most of them aren't nearly as intelligent.

In the Valley of the Dogs, Zack Gang, Other Gangs, The 3 Bisexual Gang, Benson, Wolf, Mandu, Troy, Asher, and Dahlia find Pierre taking a nap. Roy tells the burrow group that the only way the Timbercats will protect them is if they respect them but Other Gangs argues with Roy if they stay in the camp they created and not Timbercats Village, and Wolf points with Stalky on them to Shut up, and is their decision, and that they can earn that respect by capturing Pierre. He takes out a bottle of maple syrup but as he gets distracted by its smell, Wolf snatches it out of his hands and sprays the treat on Asher and Dahlia before pushing them toward Pierre. The flea wakes at the sudden intrusion and instantly dashes toward the siblings. In an effort to save his friends, Troy jumps in front on the incoming animal but is pushed out of the way by Benson, who ends up on top of him, blushing profusely, and Justin and Julian notices that and don't saying anything. When Pierre reaches Asher and Dahlia, the siblings are surprised to find he only wanted to lick the syrup off their faces rather than doing them harm. As Pierre is distracted with his meal, the siblings put his leash on, and Roy

rides on Pierre alone and he wants to tell the Timbercats about this and he will be fine and he leaves with Pierre.

Meanwhile, Anthony, Kipo and Dave reach Scarlemagne's Palace, making a crash landing through the roof. They find the palace to be empty, however, Dark and his nobles are arriving in Ratland, to the shock of Brad and Amy.

Elsewhere, Other Gangs, Zack Gang(Without Roy), The 3 Bisexual Gang, Wolf and Benson arrives the Hybrid Humans and Humans Camp, and Jorei start teaching Troy, Dahlia, and Asher how to chop wood with an axe. While Troy and Asher are more or less unsuccessful, Dahlia manages to chop through a fallen tree with a single swing and starts chopping it even more and aggressively out of stress, with Asher telling the group to give her a minute as it has "been a day".

Back at Scarlemagne's Palace, Kipo with Anthony Riding on her sets out to find her father. She locates him inside one of the many stores, where he is being guarded by two of Scarlemagne's Nobles, Gerard and Lemieux. Kipo charges at the two Nobles while Lio tries to warn his daughter. The Nobles spray pheromones at her and Anthony put a defense-- much to Lio's distress-- but to everyone's surprise, Kipo appears to be immune to them. The Nobles become confused by this revelation but even more by the fact that Kipo has a jaguar arm, with which she is able to easily defeat the Nobles and free her father.

Meanwhile, in the Hybrid Humans and Humans Camp, Troy holds Benson back to ask whether he, Asher, and Dahlia stand a chance with the Timbercats. While Benson and Justin reassures him that they would have no problem, Wolf and Rhanion explains that Mutes and humans outside of their group do not generally get along well. Troy asks how Benson and Dave became friends if this is the case, receiving the answer that they had bonded over their shared love of food. After being reminded of food, Benson remembers the Timbercats' love of flapjacks, which turns out to be a bonding moment between him and Troy as well, since they both love to make pancakes. They are interrupted by Wolf clearing her throat to get their attention, however. Benson and The 3 Bisexual Gang, walking over to Wolf, happily announces the three are ready for the Timbercats if Roy will tell them.

At Ratland, Dark and his group begin to destroy and take apart the park, much to the horror of Amy and Brad. Dark tells the two that he will take anything Scarlemagne wants from the park to create Scarlemagne next empire and proceeds to share his vision of Aurum, where Mutes unite as one and reign over humans under his leadership. He tells them that the construction of this city will require blood, sweat, and tears, which is evidenced more by his group destroying one of the park structures.

Meanwhile Roy, venture into Timbercat territory and confront Yumyan, who takes notice of a docile Pierre on a leash. Confused as to why the flea won't react to his snapping, Roy explains that he has become friends with Asher, Troy and Dahlia and some guys. Roy proceeds to introduce the three burrow children on his cell phone they give to him and asks if the Timbercats are willing to be like friends or something. Roy sighs and explains how their burrow was destroyed and their parents were taken away, causing Yumyan to break out into tears, amazed by their bravery. Molly happily tells Roy he will watch over the three because they are friends of Kipo. She promises Roy will keep them safe and even give him the 2 axes he lost on him for extra protection. As Pierre, Asher, and Dahlia follow Molly, Roy calls Alexander with the phone they give to him and tells It's success, which Benson shrugs off as having been no big deal. The two make a promise to meet up again to discuss the difference between flapjacks and pancakes. After proclaiming in unison that the two are the same, Benson announces that they will need something else to talk about. Troy calls it a date, kisses a surprised Benson on the cheek, and The 3 Bisexual Gang are like happy to see

this, cause they like LGBT people, and walks toward the others, Back to the Timbercats Village, Molly tells Roy to and need to be a true Axeman for them and Roy promises them, and Roy hugs Yumyan as a goodbye like Son and Father.

Back at Scarlemagne's Palace, Lio comes clean about Kipo's powers and explains how he and her mother infused her DNA with mutagen so she could be unaffected by Scarlemagne's pheromones-- which only work on primates-- and transform into a Mega Jaguar. Her initial utter shock quickly morphs into unbridled excitement, and she asks how to transform into a full jaguar so she help everyone escape. Lio urges her to practice restraint, as she could be lost in the jaguar transformation and never come back if not done properly. He tells her that once they escape, they will head to the Chevre Sisters, who can teach her how to control the animal in her, and Lio tells to Anthony to protect her and Anthony thinks she's kinda like a older sister for him. Lio points out that they can climb the tree in the palace to escape, but Kipo and Anthony gets cocky and attempts to reclaim the flamingo she and Dave used to break into the palace. During the fight, however, Lio is captured once more by nobles and tells Dave to get Kipo and Anthony out, much to Kipo's distress.

Back at Ratland, Dark completely dismantles the amusement park and captures two humans who had been visiting. After spraying the humans with pheromones, he berates Amy and Brad, claiming they had turned their backs on mutes by providing a safe zone for humans. As he takes to the skies on Dark's Capsule, Dark without talking pulls out a nectar bomb and uses it to blow up the remains of Ratland as a way of setting an example to any mutes who would disobey him.

Meanwhile, Zack Gang, Other Gangs, The 3 Bisexual Gang, Benson, Wolf, and Mandu follow a trail of pieces of molted Daves that Anthony and Kipo left behind so they could find them and Roy comes in. Soon after, Dave uncontrollably flies by with Anthony and Kipo, and crashes in a nearby ditch. Wolf and Benson ask what happened, and Kipo explains she failed to rescue her father, berating herself. Kipo's friends and Bisexual Gang cheer her up by telling her about how she was right about the Hybrid Humans and Humans Camp taking care of Troy, Asher, and Dahlia and how she saved the Mega Monkey. This moment is short lived, however, when the group sees an explosion in the distance, quickly realizing that it was Ratland when they see Scarlemagne's flamingos flying overhead with several pieces of the destroyed amusement park, manned by some of Kipo's brainwashed burrowmates and Chaos watching in terror.

On a distant apartment building, three cloaked and masked figure witness the destruction of Ratland. The leader of the group lowers her head, stating they must stop Scarlemagne and Dark, as the firelight flickers on her goggles and reveals a pair of sharp, crystal-blue human eyes.

Begins with a flashback, where a younger Lio, Toshio and Raga is walking in Deathstalker territory while holding a baby Kipo in his arms. He removes Hugo's star blanket from her face and asks if she is hungry. As she coos her response, he answers that he will find somewhere safe to eat, when suddenly a Deathstalker emerges from a destroyed parking garage. The creature's sudden appearance startles Lio, Toshio and Raga causes their heartbeat to skyrocket, alerting the blind predator to his presence. The giant scorpion starts to chase Lio, Toshio and Raga and manages to corner them. As it moves in for the kill, however, baby Kipo grows angry—which causes her arm to turn into a purple jaguar paw—and she scratches the Deathstalker's claw, allowing Lio, Toshio and Raga to escape with her in his arms. He finds refuge inside a small alley that is too narrow for the Deathstalker to follow them and eventually arrives at a wrecked building with an eye symbol over it. Lio, Toshio and Raga takes a few moments to relax and comforts baby Kipo, taking

notice of her jaguar arm and its incredible strength, and Toshio tells he is the future of his Future Son Important thing. Soon after, they are caught off guard by a loud noise and they swallowed by a giant, tusked blue boar.

In the present, Zack Gang, The Other Gangs, Bisexual Gang, Kipo, Benson, Wolf, Mandu and Dave find themselves looking out over the wreckage that was once the vibrant Ratland Amusement Park. Chaos is sad about it that Vrad and Amy are dead, he said they protect him and some Mechanics Mute Factions build him Mechanic Hands and legs and as a goodbye for this park sprays the cheese on the ground as a testament to Ratland. Soon after, Brad and Amy arrive in their van, which they are now calling "Vanland". Chaos, Kipo and Anthony are glad that the two mutes are alright and asks them if they can take them and their friends to the Chevre Sisters and Other Gangs will not go because they have something to do and Zack Gang too, and Brad and Amy tells Chaos that he has now friends and you can protect them too and be careful. Amy and Brad agree to get them close and bring the group to the edge of Eyeball Woods, home of the sisterhood. Before leaving, Amy and Brad warn the group that they will not find the sisterhood, instead, the sisterhood will find them. A few moments later after Brad and Amy leave, two mute boars arrive out of nowhere and snatch up Bisexual Gang, Kipo and her friends in their mouths, except for Mandu who unsuccessfully tries to rescue them and ends up following the mute boars. At Scarlemagne's Palace, Scarlemagne finished painting a self-portrait of himself and Dark asks for Lemieux's opinion on it. Lemieux stumbles through compliments until Dark breaks down, Dark calling Scarlemagne's painting 'terrible' and Scarlemagne ripping it to shreds. Soon after, Gerard brings in Lio, now dressed as a noble, to Dark. Dark takes Lio outside to show him the construction project for Scarlemagne's new vision of the city "Aurum", which is being built by the people from the Clover Burrow, along with the others he enslaved. Dark explains to Lio that Scarlemagne is running low on pheromones, and he leers while saying that's why he's so glad they're reunited.

In Hybrid Humans and Humans Camp, Alexander tells Asher, Dahlia and Troy about the failures of the peace, and Asher tells him if they can try again, but Alexander tells them that It's closed and he tells It's hard to get this peace, and goes to his bed, Asher and Dahlia hears something that comes from in Dr. Susy Lab, and they see she's creating some impressive things with dancing, with fire works, and Asher and Dahlia claps on her for doing these experiments and the dancing.

Back in Eyeball Woods, the mute pigs are still tramping through the forest, while Mandu scrambles around, still attempting to stop them. The pigs stop in a clearing and drop Bisexual Gang, Kipo, Benson, Wolf and Dave in a puddle of pink drool. Wolf rises and threatens the pigs with Stalky, but Anthony stops her, and a Human Mascot of them shows up and welcomes them and points at the Chevre Sisters. The Sisters have stuck their hooves into a cheese pan over a fire, and are chanting the names of cheeses over and over again, until Florabel breaks off the chant and walks toward the group, poking her cheese-encrusted hooves into Kipo's face and gleefully announcing they have a visitor. Wolf tells Kipo and Bisexual Gang her surface lesson 93: Don't trust anyone who talks to cheese. Kipo and Bisexual Gang ignores the warning and asks the Sisters about training to control her shifting, explaining that her parents made her part Mega Jaguar. Since the Sisters still appear confused, she decides to start at the beginning and takes a huge breath, presumably to begin the story.

In Scarlemagne's Palace, he [Dark] escorts Lio to a small lab, where he reveals he wants Lio to reproduce Scarlemagne's pheromones. Lio refuses, calling Scarlemagne and Dark insane and Scarlemagne is controlling Dark. Dark laughs instead, saying Lio is quite right, Dark

whooping and climbing on the walls before stopping and pondering who made him this way. Lio says it doesn't have to be like that, and starts explaining about a different path they could take. However, Dark cuts him off by spraying Scarlemagne's pheromones in Lio's face. Lio's irises dilate and his face stretches into a grotesque smile. Dark with a Scarlemagne Audio in his Phone orders him to begin working, and to praise him while he's at it. Lio slips, saying, 'My daughter doesn't stand a chance against you, even with her powers!'. Dark stops pacing and turns around, taking the opportunity to see what exactly these powers are and he wanna tell Scarlemagne about this.

Back at Eyeballs Woods, Kipo and Anthony was finishing up her entire story to the Chevre Sisters and the Human Mascot and why she needed to learn to control her powers. The sisterhood asks if Kipo and Anthony believes she is ready, to which she eagerly says yes to. Benson asks the sisters if they can really help Kipo and the mutes claim they can. But first, they announce that they will make cheese. Kipo and Anthony becomes confused by this and Wolf cuts in, stating that people are counting on Kipo and Anthony and that there is no time for cheese. However, Kipo and Anthony accepts this and agrees to make cheese with the sisterhood. The Chevre Sisters and the Human Mascot then take Kipo and Anthony to their kitchen and though Wolf and the 3 Bisexual Gang wants to come with them, the sisters and the Human Mascot state the Anthony and Kipo must do this alone because of "Sacred Wisdom". Bromak and Webber block the entrance to the cave after Kipo and Anthony and the sisterhood go in and Kipo and Anthony tells Wolf and The 3 Bisexual Gang not to worry. Inside the kitchen, the Chevre Sisters give Kipo and Anthony (and Anthony is Climbing up on her) the task of putting in and evenly distributing herbs in a large cauldron while the curd inside cooks. The sisters then begin to overwhelm Kipo and Anthony by explaining how properly make the cheese and by almost hurting both on several occasions. They also remind them to continue saying "Herbs in, Herbs out" as she administers the herbs, since they can't see them do it, due to being blind. Things start to get out of control for Kipo, as her mute powers activate in response to all the stress. Even so, Kipo and Anthony continues to obey the Chevre Sisters instructions, as her level of mutation increases.

Wolf gets nervous outside and puts the guards to sleep so that he can sneak in and make sure Anthony and Kipo is okay. The 3 Bisexual Gang, Wolf and Benson walk in and see that Kipo has partially transformed into more of her mutation.

The Chevre Sisters tell Anthony and Kipo that it was all part of the plan. They tell the story of when they met Kipo's father and Anthony's Parents, when Kipo was just a baby in a flashback. They instructed Lio, Toshio and Raga that if he wants Kipo to be human, he needs to nurture her as a human in a burrow. Then, if she wants to be a jaguar, she just needs to come back to the sisters, while Toshio and Raga if she arrives in the Surface, then the Future Son will go for her.

Anthony realizes his Parents are there and he tells why, and The Chevre Sisters tell him to know when he arrived on something, making Anthony think Kipo is really related to him. Then, they demonstrate how she can control both sides. Stress and instinct make the jaguar come out and calm and relaxation helps the human come out. "Herbs in, herbs out." Meanwhile, Dark uncovers that the part human part jaguar is actually Lio Oak's daughter. Lio is under his spell and accidentally reveals information to Dark so he can tell Scarlemagne, as he builds his plan to destroy Kipo and also Anthony for defeating him.

The Chevre sisters tell Kipo that if she wants to save her people, she must be the mega mute- however, she might lose herself if she completely becomes a Mega, and Anthony It's shocked about this. However, she may be able to protect herself by finding something like an anchor to help guide her back to her core.

They advise her to start from her beginning. Kipo decides to go back to her first burrow where she was born.

They leave the Chevre Sisters, and Alexander calls Bisexual Gang about the camp, and Alexander tells they need to sleep on it and Dr. Susy wants to see Kipo, and the group goes to the Camp where Asher, Dahlia and Troy are in, and they need to sleep on it and they meet other Characters like Gala and Zahara, Kei, Fawn, Kaede, Jorei, Zach and more Hybrid Humans and Humans.

Dr. Susy is happy to see the group, and she tells them to go to the lab, Dr. Susy when she first meet Kipo, Kipo shows a Mega Jaguar part, and Dr. Susy is impressed by this, and she thinks that She's heavily inspired by Hybrid Humans, and she tells a example like Fawn The Jaguar Human and Anthony.

The group and other Gangs now do a sleep, and in that, Kipo and Anthony are in the same Room, and Kipo is happy cause Dr. Susy was right about it and she tells that Anthony is like a Little Brother for her and Kipo tells Anthony if she turns into Mega Jaguar what will happen with him and Anthony tells "Don't worry about me" and Anthony climbs on her and he playfully with Kipo and Kipo tells that It's a trusted friend that she meets, and Anthony agrees with it and they sleep.

In a dream of Anthony, Anthony dreams in a rain, and Toshio is attacked by a arrow in the stomach, and Anthony tried to save him but he failed, and Anthony was attacked on the arrow too and Anthony Wakes up yelling in the day, and Kipo telling him that he had a nightmare and he says yes and Kipo says don't worry.

The group now leaving the camp, The Other Gangs, and the three, tells the group that hopefully they can find Kipo's old burrow and have a good day.

Bisexual Gang, Kipo(with Anthony Climbing on her) , Benson, Dave, and Wolf set out to find Kipo's old burrow- the place where she was born. They sneak along building to avoid being spotted by flamingos. The group is initially unsure how to find the burrow, until Dave gets the idea to find the mute Cappuccino at her restaurant, Brunchington Beach, to get some information. Before heading off, Dave warns the group that they must follow Cappuccino's three rules. While he states the first two rules, Rhanion stops Dave when he is unable to remember the third. Dave assures them that the third rule is probably nothing to worry about and they set off.

Meanwhile at the Hybrid Humans and Humans Camp, there's a Game of them, and It's called Chop the Tree, and Dahlia accepts the game, with some 3 challenger, and there's 4 large woods on it, so Dahlia will do it fast than her 3 challengers, and they surprised about it, and she wins, winning a Medal of it.

Meanwhile with the Gang, as they walk up a hill on their way to Brunchington Beach, the groups hears singing with Anthony's name in the lyrics up ahead. The gang comes across a group of musicians, who are all dressed up as Bisexual Gang, Kipo and her friends themselves. The group overhears the musicians going over rehearsal for their play about when Bisexual Gang, Kipo and her friends met the Newton Wolves, and how it is completely inaccurate to the actual event. They confront the musicians who identify themselves as the "TheaOtters" with a Human Mascot and some Loomers and explain that they are set to perform at Brunchington Beach. Anthony and Kipo tells the group that they can go together, but the lead otter "Puck" tells her about Cappuccino's third rule, that Humans and Hybrid Humans are not allowed and will be punished by death if they go. Kipo has the idea to dress up in the TheaOtters costumes to sneak into the Restaurant but here's a problem and It's that the Loomers take the Bisexual Gang Costumes, so Bisexual Gang approach them and they are like fired from TheaOtters.

At the Human Mascots and Humans Camp, Asher meets Kei who is a Shapeshifter Human Girl that changes any Form of any Animals, Humans, Hybrid Humans, Mutes, Objects and Mini Enemies, Asher tells her she is Non Binary, and she tells her she is Transgender, and she takes the Form of Asher, and Asher laughs at her for this Form, and they become friends, and Asher tells her what will happen with Kipo and Anthony, and she tells that don't worry, she explains and take forms of Kipo and Anthony, if they find the old burrow she born, it will be like a treasure, and she takes the Form of a Treasure of Pirates, and Asher was the first Non Binary Friend of Kei, and Troy and Alexander sees this and Alexander tells Troy that Hybrid Humans and Human can be friends, because they are like pacifist and some not like he examples pointing Kaede for being a Bull from Greek Mythology with a axe chopping a Three brutally.

Meanwhile with the gang, When they arrive, Dave identifies Cappuccino who recognizes him and calls him out for not paying his bill ten years ago. She tells him his new bill is ten years' worth of dishes and her waiters take Dave away. Anthony and Kipo asks Cappuccino for information about a burrow that was destroyed 13 years ago. Amused, Cappuccino states Rule two, that information has a price and if Anthony and Kipo and her friends can put on a good show, she might gives them the information they seek.

Dave is thrown into the back where he runs into Jamack doing dishes. Jamack reveals that he also stole food from Cappuccino and put on dish duty for it. Jamack becomes angry at Dave when he reveals he brought Anthony and Kipo with him. Dave notices how Jamack apparently cares about Anthony and Kipo. Embarrassed, Jamack dismisses this and the duo decide to breakout.

Meanwhile with the Humans and Hybrid Humans Camp, There's a lunch on the Camp, and Troy eats a Chicken they gave to him, and next of him there's Steve, who is a Shark Human, and he's eating a fish, Troy ask what his name and he tells his name, and he is a Shark Human, and Steve asks Troy of a story, and Troy said yes, and Steve storytime Troy, about him in a Ocean, when he puts something like a sticker, he found a Mega Shark on it, and he fights with the Mega Shark, and Steve defeats the Shark, and Troy is impressed about this, and also Steve says he's gay, and Troy sees Masamu who is a Mummy Human, and he ask who are you and Masamu doesn't say anything, Steve tells him he's a mute boy and he doesn't talk.

Meanwhile, Anthony, Kipo and their friends prepare to perform along with the TheaOtters. During the performance, the lyrics get very aggressive and label Anthony, Kipo and their friends as the villains, though Cappuccino loves it anyway.

Back in the kitchen, Jamack and Dave struggle to come up with a successful escape plan. Meanwhile at the Hybrid Humans and Humans Camp, Troy, Asher and Dahlia salutes some Anthony's Friends, and they encounter with Austin, and Austin was like with stress, and Austin tells then about Dark's Plan, and he invites them to his Tent and he explains with a map and red lines, and they are like surprised about it, and Austin explain fast, and he explains on the Human Mascots and Dark Connection, and he thinks that Dark will create something Evil, like a Machine of death, and he says case closed and he exits from his Tent and they leave, and Alexander explains them he is a Cocky like Julian.

Meanwhile, At the end of the play, everyone is impressed, including Cappuccino who praises Bisexual Gang, Kipo and her friends. Anthony then takes bow which causes his mask to fall off and the audience is shocked by this. Enraged, Cappuccino sends, Bisexual Gang, Kipo and their friends to die with a Human Mascot named Fuji, and she has a Pirate Boat, but them can defeat her, and they defeat her, Cappucino angry with it sends, Bisexual Gang, Kipo and their friends to die, via her water monster "Harriet".

Before, Cappuccino's waiters can throw Anthony, Kipo and their friends in, Jamack arrives with Dave and helps fight them off. Anthony and Kipo is grateful to see Jamack, but he dismisses them. Soon after, Gerard, Scarlemagne's messenger, arrives with two other nobles on mega flamingos and Dark. Dark announces to Cappuccino that she has to cater Scarlemagne's coronation. Dark then tells everyone that their "new emperor" has invited them all and must attend in one week, or else. Cappuccino summons her waiters and fights back, saying that even though she likes what he's doing with all of these humans, Scarlemagne is out of line.

While their friends and Jamack insist that they leave, saying that the nobles are not here for her, Kipo and Anthony Riding on her runs out to protect Cappuccino and Dark recognizes them. She releases her jaguar arms to fight and their friends help too. In the ensuing battle, Benson and Justin helps several mutes escape and also helps Cappuccino who gets trapped under some rubble. In a flashback, Wolf runs away from a mute scorpion.

In present, Bisexual Gang, Kipo and the gang track down her old burrow, which happens to be in "deathstalker territory". Deathstalkers don't hunt with sight and smell but they detect your heartbeat.

Justin, Julian, Benson and Dave create a diversion to track Scarlemagne's flamingos with explosiones. Anthony, Kipo and Dave use the distraction to get closer to the burrow.

Dark blows open a wall, revealing bricks and bricks of gold. He has Scarlemagne's hypnotized army carry the gold bricks away. Meanwhile, a group of vigilantes dressed in animal costumes watch Dark and Scarlemagne and plan to bring him down. Their identities are concealed.

Anthony, Rhanion, Kipo and Wolf work to keep their heartbeats low to throw off the deathstalkers. It's harder than they thought, so they are forced to run away quickly. They run to Wolf's old home and Kipo with Anthony Riding on her goes wild imagining Wolf's old life and going through her old things.

Dark and Scarlemagne(without talking) gets news that the monkey has gotten free. The vigilantes plan to get to the monkey first before he can capture her again.

Justin, Julian, Benson, Dave, and Mandu find them but they're dressed up in funny costumes and explain it's a long story. They hear Wolf singing the karaoke song and everyone joins in. In a flashback, Toshio, Raga, Song and Lio climb up to the earth's surface and see flying two headed flamingos and giant bunnies. They talk about how they have the chemicals to reverse the mutations, but how they can't bring themselves to do it. They plan to lie to their people to hold them off as long as possible.

In the present, Anthony plans to Invite Other Gangs to this with his phone and they come with Asher, Dahlia and Troy, and Kipo ask why they come, and Alexander explains they are good, and explains Asher saved his Life from Mini Enemies, and Zack Gang encounters them too, and Fuji made a apology about it and they accept it, and there's a adventure for the Kipo's old burrow and it comes with seeing Mini Enemies walking, and watching Mute Rooster, and Mute Rooster joins it too, they see a Group of Danger wheels passing it, and some Evil Balls passing it in the street like they on War but Justin stops it, they watch some Dark Minions and Loomers Riding on a Mega Horse with a Yee ah, and they laugh at it. She explains to the group what happened to her mom and how she died of "burrowpox" when she was young and Anthony thinks it doesn't exists but he's not sure. They find the burrow completely covered in a sticky red fungus and Zack Gang looks something weird on this burrow.

Meanwhile, Dark welcomes a group of his followers and asks them to help him and Scarlemagne to find the mega monkey. They sing where she is and he promises them first class housing in his new city in return

The masked "vigilantes" follow a line of ants to track down the Mega Monkey. Scarlemagne is also hunting in the same area to trap the monkey. They land in the Cactus forest and find the snakes playing the electric guitar. Scarlemagne and Dark and the mutes are super sensitive to the sound. Dark sends Scarlemagne's humans to stop the music.

Anthony and Kipo's group searches the burrow and finds a bunch of DNA helixes. She tracks down her parent's old room to search for her anchor. They find a book named "Project Kipo featuring Toshio and Raga", which has formulas and diary entries about how Kipo came to be a hybrid baby and Anthony realized that his parents worked on this and he's happy like Kipo is part of a project of his parents with the Oak Family.

Old man Dave and Benson get into a fight because Dave keeps seeing ghosts and Benson doesn't believe him. The fungus walls get alive and grab Dave, in baby form, and Mandu. In another room, the walls grab the journal, which Kipo decided was her new anchor. They all look around, confused.

One of the masked people finds the mega monkey before Scarlemagne.

The other vigilantes bring the collar over to the mega monkey and the leader tells them to put it on her.

The red wall introduces himself as "Fun Gus". He tells Anthony and Kipo that Mandu and Dave are his new favorite toys with some Mini Enemies as toys on him and the full gang have to convince Gus to give them back with a game of hide and seek.

In a flashback, Song tells Lio, Toshio and Raga about how she grew fur and super strength while pregnant with Kipo. They decide that they need to have Song lay low and pretend to have burrowpox so that the other burrow members don't realize what they did.

Dark realizes the collar has been stolen and races after the monkey. One of the vigilantes reveal themselves as Dr. Emilia. They're both still after the monkey.

In another flashback, Song gives birth to the baby, who has the paw of a jaguar. Lio and Song are elated but realize they need to flee the burrow for Kipo's safety. They plan to break into the lab to find Hugo before they leave, but hear a knock at the door. Toshio, Raga, Lio and Kipo run and Song plans to answer the door.

Dark approaches the monkey and asks if she wants to get revenge on Dr. Emilia. He invites the monkey to join Scarlemagne in his journey to force humans to endure the fate they were all forced to experience once before. The monkey runs away and Dark sprays it with Scarlemagne's pheromones to make it obey.

Kipo and Anthony and their friends finally manage to escape Fun Gus, with the help of Mulholland. Kipo and Anthony realizes that the journal is not the anchor after all. She throws the book down and a family photo falls out. She tears up and realizes this is her ancho and Anthony agrees with Kipo. In the photo, Kipo and Anthony realizes that her mom's fur isn't jaguar fur- it's monkey fur. She deduces that her mom must be the mega monkey.

Dr. Emilia sees the monkey marching with Hugo and Dark, obeying his orders. She looks furious. Kipo and her friends and the full gang also see the monkey walking away in the distance and her anger makes her transform into the mega Jaguar with Anthony Riding on her, Anthony tries to calm down her. Wolf grabs the photo as it floats away.

In a flashback from one year ago, Benson drops into a bat cave to retrieve his cassette player. The bats Geli and Jibralta try to stop him because they need it to contact the aliens, but he pretends Dave is an alien so he can get away.

In present day, Kipo is in her jaguar form and running after Scarlemagne but Emilia intercepts. Anthony gets Kipo to return to her human form and Emilia sees everything, whispering "Finally." She mutters to her friends to follow her lead.

Emilia, Zane, and Greta pretend to be friendly to Kipo and Anthony. They explain that they're part of the human resistance to take down Scarlemagne and Dark. They offer to take the group back to their headquarters to rest and train.

In another flashback, Song opens the door to Emilia who accuses her of betraying their mission by creating half mutes. Song gets thrown off the side of the balcony and her instincts kick in, making her a mega monkey.

In present day, shows the full group(Bisexual Gang, Kipo Gang, Asher Gang, Zack Gang and Other Gangs) around headquarters and their sonic transmitter. She also captured one of Scarlemagne's human soldiers and Kipo recognizes him as Roberto, Troy's father. Roberto wakes up and Emilia's people demand that he tells them everything about the coronation. The bats break into the headquarters after hearing the sonic transmitter, convinced it is an alien communicator. They recognize Benson and take him with them. Kipo transforms into her jaguar form to attack the bats with Anthony Riding on her. Benson helps her regain control with the photo. The bats let them leave, convinced they are both aliens/alien communicators.

Emilia tells Kipo and Anthony that they are the only ones who can take down the mega monkey and that is her job. Benson talks to Roberto, who gets the hint that he likes his son, Troy, and hints that they would have a lot in common.

Roberto leads Kipo and Bisexual Gang to where Scarlemagne is keeping the mega monkey, aka Kipo's mom. Kipo and Anthony talks to her and her mom recognizes here and tears well up in her eyes. Kipo plans to help her escape, but Scarlemagne finally talks with Dark catches them and shows Kipo that her dad is in his control.

In a flashback, Hugo was doing training exercises with Lio and Song. Emilia demanded that they made him mutate by giving him more formula because they needed to figure out the cause of all of the animal mutations. Lio gives Hugo a star blanket to comfort him as they

give him his next dose of formula. After over 3,853 formula doses, Hugo was able to spell and say his own name. Lio and Song were elated and hug Hugo, but soon wondered if they had to tell Emilia.

In present day, Emilia goes over her plan and then notices Kipo and Bisexual Gang are missing. The Full gang cover this up by claiming that Kipo and Bisexual Gang are sleeping and realize that they has probably been captured because they hasn't returned yet.

Meanwhile, Bisexual Gang, Lio and Kipo catch up, they eats fancy and delicious desserts, as Scarlemagne and Dark insists that they are his guests and can do what they want, except "jaguar business". Scarlemagne and Dark asks Kipo and Anthony to show public support for him.

Anthony and Kipo asks Scarlemagne what happened to him, and Scarlemagne insists he will tell the story.

In flashbacks, Lio and Song tell Hugo that they're afraid if Emilia hears that he can talk that she will take him away. One night, Hugo plays the piano in his room, lamenting his boredom and sadness. He imagines himself in a grand palace playing a piano solo when he is snapped back to reality as a shocked Dr. Emilia walks in on him.

The next morning Emilia has Hugo, Lio, and Song together in a testing room and demands to know what formula was the one to give Hugo intelligence. When Lio and Song tell her they do not know, as they have given Hugo thousands of different formulas, Emilia orders Zane to get a sample from Hugo's blood with a syringe. Lio tries to stop him but is easily knocked away. As Zane corners Hugo and grabs his wrist, Hugo's pheromones are flung into Zane's face in the struggle and he becomes entranced. Hugo, not yet realizing what has happened, yells for Zane to stop, which he promptly does. Hugo, shocked and still confused, then asks for Zane to let go of his wrist, which he also does. Song, amazed, explains that mandrills create pheromones that have the power to influence other primates; she hypothesizes that the formula must have enhanced this ability. After hearing this, Emilia and her team leave the three alone. Hugo, saddened and confused, asks Lio and Song if their only reason for giving him intelligence was so that they could take it away from others. Lio and Song explain that it was at first, but that after raising Hugo, they realized that they could no longer go through with it. They also explain that it is why they are all going to escape the burrow. Hugo proposes they all escape tonight, as he has the power to make Emilia and her crew pay for all the things they've done to them. But Lio explains to him that forcing people to act against their will is wrong and that they can't leave until the baby is born. Hugo agrees and the two promise him that they will all escape together.

Lio walks in one day on Emilia extracting Hugo's pheromones by locking him in a cage with a treadmill. Lio angrily tells Emilia that she can't do that as Hugo's a person, but she counters that Hugo is an animal and that Leo needs to "Think like a scientist." She leaves the two alone with Hugo still in the cage, exhausted and leaking sweat. Hugo comforts Lio, saying it's just a little longer until the baby comes and they can all escape; Lio again promises Hugo that they will together. As many days pass, Emilia and her team continuously force Hugo to run on the treadmill to produce tanks of his pheromones. Lio visits Hugo every night, promising to help him escape.

An explosion happens as a result of Song's forced transformation and Hugo is freed from his cage by the blast. He is left scarred from the glass and is alone in the wreckage of the burrow when he awakes. Looking up, Hugo sees Dr. Emilia on the mega monkey's shoulders.

In present day, Kipo and Bisexual Gang tries to talk sense into Scarlemagne, asking him how he could turn on the people who raised him. Scarlemagne angrily tells her she has no

idea what it was like, that he had to make it an unknown world, on his own and Dark interrupts him and Scarlemagne yells at him not to interrupt.

In a flashback, Hugo is struggling to find shelter and safety when he happens upon his future palace, inhabited by Goth Apes. He asks to be a part of their group and they agree, but only if Hugo can beat them in a battle.

As one of the Goth Apes is attacking Hugo, he has a realization and throws his pheromones on her, telling her that she will lose the fight. The group is impressed and tells Hugo he's in. Sometime later, Hugo sees Lio with Toshio and Raga on the surface and they have a happy reunion, hugging each other. Hugo asks where Song is and Lio tells how they barley made it out, referring to him and baby Kipo. Noticing the baby and that it is swaddled in his own blanket, Hugo becomes angry and sad, saying that Lio and Song promised that they would all leave together. Hugo then asks Lio if he had even tried to save him or if he even can back to see if he survived, his increasingly loud and angry tone causing baby Kipo to wail. Toshio explains that it all happened so fast; how Emilia came for the baby, so they had to run and have been running ever since. Lio, trying to make things okay, says that they are all together now and introduces Hugo to baby Kipo. Hugo, processing it all, is visibly upset and hurt, muttering that Lio "didn't even look" for him.

Noticing the baby, Hugo's expression changes to a somewhat unstable look and asks if he may hold her. Lio, Toshio and Raga, noticing this, is uncertain and backs away slightly. This causes Hugo to become angry; he suddenly grabs the blanket Kipo is swaddled in and yells for Lio to let him hold her. Lio shoves him to the ground and Hugo is left holding the ripped piece of his old blanket, huffing as drips of his pheromone-sweat fall onto it. Lio apologies but Hugo turns back to him, laughing manically. This causes Lio to run away with baby Kipo in fear, leaving a laughing, howling Hugo. Hugo later returns to his goth group and flings his pheromones onto their faces, informing them that they are now his subjects and he is their new leader. He then renames himself Scarlemagne after seeing his scared appearance in the piano.

In present day, Kipo asks Lio how he could've left Hugo, but Lio said he had no choice and could only save one- Kipo. Kipo hugs Scarlemagne because he needs it and Bisexual Gang also hugs Scarlemagne.

Bisexual Gang with it, Lio tells he is waiting for the Future Son of Toshio, and Anthony tells him he is the Future Son, and Lio impressed about this, Lio tells Anthony where's Toshio, and Anthony tells he's dead, and he doesn't know who killed him, and Lio hugs Anthony because of the death of Toshio.

Meanwhile Zack Gang, Other Gangs, Wolf, Dave, and Benson use a nectar bomb to blow themselves into Scarlemagne's palace to rescue Kipo and Bisexual Gang.

Zack Gang, Other Gangs, Wolf, Dave, and Benson talk to Kipo and Bisexual Gang about their plan. Kipo and Bisexual Gang plans to talk more to Scarlemagne to see if they can talk sense into him, although she lets her friends believe she is trying to find his weaknesses to undermine him. Wolf and crew go back to get Mandu and Fake Bisexual Gang but Emilia realized Kipo and Bisexual Gang are left.

Emilia tells them they're leaving in the morning with or without Kipo and Bisexual Gang.

Dave hands her back a nectar bomb, which is really a bottle of perfume.

Scarlemagne with Dark and Kipo with Anthony Riding on her play board games and talk.

Kipo and Anthony tries to talk him out of the coronation, but Scarlemagne insists that this is what he's always wanted. Kipo and Anthony runs to get Lio for help- she wants him to make him a starry blanket as a present in order to appeal to the inner Hugo.

The half full gang serve everyone pancakes, calling themselves the "Brunch Bunch", as a distraction for Dave to take the nectar bomb and cave in the tunnel. Emilia notices the journal, "Project Kipo" in Benson's backpack. The bomb explodes and everyone runs. Benson accidentally leaves the backpack. They lock everyone in the tunnel, except for Dr. Emilia by accident.

Bisexual Gang, Lio and Kipo go to Scarlemagne, but he sprays Lio with pheromones to get him to admit the truth of why he's out of his cage. Lio says that he was wrong to forget Hugo and that Kipo has made him see that. Kipo gives Hugo the starry blanket to say she's sorry for everything that happened.

Zack Gang, Other Gangs, Wolf, Benson, and Dave fight Emilia. She wins and locks them up in a cage. She forgot about Mandu, who had been hiding earlier, but he charges at Emilia and stabs her with Wolf's scorpion stick and she passes out. He lets them out of the cage. At the coronation, Scarlemagne and Dark rides in on the mega monkey while playing the piano. Scarlemagne gives them a choice- become golden furniture or follow him forever. Bisexual Gang, Kipo watches in horror, thinking he would actually make the right decision and not force people to follow him.

Scarlemagne and Dark said that he will let everyone go and only follow him freely if she gilds her own father. Kipo refuses and Bisexual Gang agrees. Lio crowns Scarlemagne.

In a flashback from two days earlier, Bisexual Gang and Kipo went to visit her mom in mega monkey form. She gives her a drink of water, which Mulholland was secretly hiding in. Mulholland winks at Kipo before Song drinks him. Inside Song's brain, he sends out electrical waves and manages to free Song from mind control.

Mulholland explains to Song what he did and Song asks him to tell Kipo that mama loves her.

In present day, at the coronation, Scarlemagne and Dark pumps pheromones into the audience but it doesn't work. Kipo and Bisexual Gang reveals that they poured Mulholland into the vat of pheromone, who was then able to change the pheromones so that they don't work. Song rips the dome-shaped roof off a building, and Wolf tells the humans to climb inside so the mega monkey can carry them to safety. She does, and once on the ground, Mandu leads them to a tunnel.

Zack Gang, Other Gangs, Wolf, Dave, Benson and Mandu fight off the flamingos and Scarlemagne's inner circle. Benson drops his backpack, with Kipo's anchor inside, into the gold and it's lost forever. Kipo with Anthony Riding on her realizes she can't transform into the jaguar to fight Scarlemagne and Dark. Wolf, Dave, and Benson go to help Kipo fight him but Scarlemagne and Dark is putting up a good fight.

Scarlemagne moves a lever to make the liquid gold come out even faster. It starts to flood the building, but Troy rallies the Timbercats to come over to help. Scarlemagne knocks Kipo and her father off the balcony and Bisexual Gang helps them to not fall from the balcony, and Dark appears attacks Bisexual Gang and Anthony and Kipo fight with him but he is defeated, but with rage Dark will attack Anthony and Kipo for attacking him but he stops cause he remembered the War he did in his planet and Dark with feelings apologizes them but Scarlemagne put his Pheromones to Dark making him a Brutal, and Dark run with 2 legs and 2 hands to be the battle more brutal and Dark is defeated and Dark wakes up from it and Dark hugs them and telling he will not do that again. Wolf urges them to get to higher ground. The Timbercats come over to help and Molly extends her ax hilt down so they can climb up to higher ground. Scarlemagne hops on a flamingo and Scarlemagne tells Dark he's a failure and Dark also hops on Scarlemagne Flamingo to destroy it. Scarlemagne gets knocked out by Dark. Lio pulls them to safety saying that he won't leave him again.

Kipo and Anthony realizes that the only way to save everyone is to transform into a Mega Jaguar with Anthony riding on her and knock over the tree that the gold is flowing from to stop the gold from rising any higher. She transforms and her mom comes over to help her. They can't knock it over and The Mega Monkey accidentally touches the molten gold, Kipo turns into an enhanced Mega Jaguar, They knock over the tree and save everyone. Kipo's mom and Anthony comforts Kipo as she can't transform back. Meanwhile, Emilia addresses all of the humans and asks them to join her in her mission to turn all the mutes back into their normal forms to save the earth. The humans cheer. Mandu and Roberto sneak out the back.

Wolf and Anthony appeals to Kipo, trying to get her to transform- they even sings "Heroes on Fire" and Kipo, inside the jaguar, hears it and is able to revert. "Miss me?" she says. They all hug. Her friends realize that they are her real anchor and Anthony too.

Kipo tells her mom that if she can turn back, so can she, and that they will figure it out. The Timbercats invite the full gang back to their village, along with Hugo who is now in a cage except Dark cause he apologizes and joins them with a hug, and Dark apologizes to Wolf about it, and telling he suffers a lot like her in the War and Dark hugs Wolf, but Wolf push him but Wolf smiles at Dark.

Roberto and Mandu join them, and Kipo wonders where everyone else is. Roberto explains that Emilia intercepted them in tunnels and convinced everyone else to follow her. Kipo says that they will stop her and they will do it together and she tells Anthony that he's ready and he tells no Problem let's go to Dr. Emilia and defeat her.
