

**Bold Audacious Destruction Party**  
*Sick of being good? Do you feel like being BAD?*

The **Bold Audacious Destruction** (BAD) Party seeks to destroy everything in its path: other Civilizations, the current hegemony, and maybe even our own Cities if we get bored. No City State, Civ, Dominant Party, or Oppressive Law will be standing after we get our hands on them.

- **Desired Civ:** Venice
  - *We wish to troll all of Democraciv by picking this BAD civ.*
- **Stance on War: Positive**
  - *We want to see all the other cities crumble. Maybe even our own too!*
- **Stance on Science: Positive**
  - *We recognize that knowledge is power, and with power, we can destroy!*
- **Stance on Faith: Negative**
  - *We see morals as a distraction to a party that is hell-bent on destruction!*
- **Stance on Culture: Negative**
  - *We find culture to be for sissies, and we want no part in it!*
- **Stance on Gold: Positive**
  - *We recognize that money makes the world go 'round and is needed for conquest.*
- **Stance on City-States: Destroy**
  - *We see City-States as a target for conquering and razing! Destroy!*
- **Stances on Legislative**
  - *We aim for the Legislature to endorse freedom over all!*
  - *We do not want the Legislature to restrict or oppress any party!*
  - *We want the Legislature to sit back and let the Executive be destructive!*
- **Stances on Judicial**
  - *We desire civil rights such as freedom of speech and assembly to be maintained!*
  - *We aim for principles over legalistic interpretations of law that rely on evidence.*
  - *We hope to destroy any precedent or status quo that is not favorable to us!*
- **Stances on Executive**
  - *We want the executive branch to be aggressive, destructive, and self-destructive!*
- **Party Organization: Elitism**
  - *We are organized in an elite manner, with more power to more famous members!*

We are also the official headquarters of:

- **Fabian Order of the Neo Anti-Camerata**
  - *The Order aims to define its own sense of victory, not what the game labels victory.*
- **Flaming Turd**
  - *The Flaming Turd, named after our mascot, is the press outlet for the BAD Party.*
- **Meier Law University**
  - *Meier Law University is the premiere place for education on BAD values.*
- **Space Nazis**
  - *The Space Nazis are pro-science and wish to destroy Civ units of other religions!*

We can also become the headquarters of your organization as well. We will fight for your rights!
