Peer Evaluation Form | Role Play on Effective Communication with Older Adults | Group 2

Instructions to Students

- Please evaluate the role play using the criteria below.
- Be fair, objective, and constructive in your assessments.
- Use scores from **1 (poor)** to **5 (excellent)** for each criterion.

Criterion	Description	Score (1–5)
Clarity of Communication	Uses clear, slow speech appropriate for older adults; avoids jargon	
Empathy and Respect	Demonstrates empathy, patience, and respectful engagement with the patient/family	
Adaptability	Adjusts communication style based on patient's needs (e.g., hearing or cognitive impairment)	
Use of Communication Tools	Incorporates gestures, written notes, or visual aids when needed	
Caregiver Education	Explains physiotherapy goals and prognosis effectively to caregivers	
Active Listening	Demonstrates attentive and responsive listening	
Professionalism	Maintains a professional demeanor and appropriate body language
