

WIU-OPEN on an iOS Device(iPhone, iPad, iPod, etc.)

BEFORE CONNECTING

If you used WIU-SECURE on campus PRIOR to 05/24/19 please, perform the following.

1. Tap on Settings
2. Tap on General
3. Scroll to the bottom and look for Profiles.
 - a. If you see Profiles, tap on it and delete any WIU related items.
 - b. If you don't see Profiles, continue to the next step.
4. Tap on Wi-Fi
5. If you see any network that begins with "WIU", tap on the blue circled "i" next to each one and tap "Forget This Network"
 - a. Examples - WIU-SECURE, WIU-SETUP
6. Tap Forget
7. Continue to the next section to connect to WIU-OPEN

CONNECTING

Perform the following if connecting for the first time OR after completing the steps above.

1. Tap on Settings
2. Tap on Wi-Fi
3. Tap on the blue circled "i" next to WIU-OPEN.
 - a. Make sure "Auto-login" and "Auto-Join" are both on turned on.
 - b. Tap back out to the Wi-Fi menu
4. Tap on WIU-OPEN
5. You should be presented with a webpage that asks you to Accept or Reject; click Accept. If not, open Safari and try to browse to a website.
