

Rotary

Club of Towcester.

It is a great honour to represent the Towcester and District Rotary Club as President. The club is involved in local, national and international events and other charities. We have just had another successful Midsummer Music festival where we showcased much of the local musical talent. We will also have more musical events including our Proms concert and visiting choirs to further promote the talents of our local young musicians.

We are involved in local schools and will again be running a range of competitions for our local young people. Our entrants have been successful in District and National competitions which shows the quality of our local young people.

Working with other Rotary Clubs and local groups we are supporting education development in Africa and transport of supplies and ambulances to Ukraine.

Our membership is increasing but we are still looking for new members to join the club to help us deliver our exciting range of projects. We are focussed on providing help, support, knowledge and experience but we are all keen to ensure we have fun and enjoy ourselves doing it.

President Colin Bain 2024/2025
