Dear Editor,

Submission of A Manuscript to the Malaysian Journal of Veterinary Research

I am pleased to submit our manuscript as mentioned below:

Title :
Early Embryo Development in the Culture Dish System of Kedah Kelantan
Cattle Embryo

Category : Full Paper

We believe that the findings presented in this paper offer new insights into [mention the subject of your research or key findings briefly] and will be of significant interest to MJVR's readership.

Therefore, we hereby declare that:

1. The work cited in this manuscript is original, has not been published elsewhere, and possesses scientific merit that justifies its publication in MJVR.
2. There are no conflicts of interest among the authors or with the institution where this work was conducted.
3. We are committed to the submission process and will not retract this manuscript while it is under review in the MJVR system, except under exceptional circumstances.

We appreciate your consideration of this manuscript and look forward to the opportunity to contribute to the scholarly community through publication in MJVR.

Thank you for your time and consideration.
