QUALITY POLICY

Since [insert date], Company ABCD Ltd has implemented a Corporate Management System in accordance with the ISO 9001:2015 standard.

The organization acknowledges its responsibilities in meeting the needs and expectations of our clients by:

- Adhering to agreed-upon delivery schedules.
- Meeting the required quality parameters.
- Collaborating proactively to resolve any technical issues.

The specific actions taken to achieve these objectives include:

- Establishing quality goals, determined through a comprehensive analysis of the company's context and risk/opportunity assessment.
- Promoting strong collaboration with employees, as the company believes that a positive attitude towards workers yields valuable returns.
- Allocating resources appropriately.
- Defining clear roles and responsibilities.
- Ensuring compliance with occupational health, safety, and environmental regulations.
- Ensuring compliance with other applicable standards
- Adhering to product-related laws.
- Monitoring company processes through key performance indicators to foster continuous growth.

This policy is available on our company website and is accessible to our suppliers, customers, and any other relevant parties, whether directly or indirectly interested.
