## **WEEK 1**

March 21, 2022

March 22, 2022

- During SEL at school, our group had a meeting to discuss ideas, our group name, and an overall startup of the whole project.
- At home, I finished the Gantt Chart.

March 23, 2022

- I researched website templates and infographic templates at home. Kebron and I even discussed whether to code the website from scratch or use [Google Sites](#).

March 24, 2022

- I helped out the physical model team during SEL with *3.2.8 Commercial Foundations* and continued to research website templates.
- I edited the Gantt Chart to its current form.

March 25, 2022

- Didn't really do much, inspected others for the most part.
