This isn't a quick fix.

This is long-game leadership. Vision embodiment. Power reclamation.

RECLAIM is where your next-level business or life isn't just built, it's *owned*.

This is for the woman who already knows how to create results.

But she's ready to create them **differently**.

Not from pressure, overthinking, or staying one step behind her full potential—

But from embodied clarity, strategic precision, and internal alignment.

Whether you're here to:

- Scale your business to consistent \$10k–\$30k+ months (and beyond)
- Rewire your internal world so that success actually *feels* safe when it lands
- Refine your product suite, offers, or personal brand
- Rebuild a lifestyle that feels like it matches your evolution

RECLAIM is the mentorship that holds it all.

WHAT YOU GET:

2 x 60-Minute 1:1 Calls Per Month	Focused coaching to move through subconscious blocks, refine your strategy, and calibrate your energy to the next level.
Mon–Thurs Voxer Access	Daily high-touch voice/text coaching for real-time decisions, feedback, and mindset recalibration—because most breakthroughs don't wait for your next Zoom call.
Quarterly Half-Day Strategy Intensives (4 hrs)	<i>Every 3 months</i> , we map your big picture with powerful clarity. We do deep work around your business model, life design, energetic leadership, and identity. In-person available if you're based in Brisbane.
Access to ALL Programs + Masterclasses	Any paid group program, masterclass, or live experience I run during our time together? You're in. No extra cost. Full access to my entire ecosystem.
60-Minute Onboarding Call	We get straight into it—mapping your goals, identifying the key areas of focus, and setting up your first 90-day game plan.

MY ZONE OF GENIUS:

This mentorship is rooted in **Woman Mastery**—the personal power and subconscious identity work that builds legacies, not just launches.

Here's how I support you, in real life terms:

- **We scale your online business to consistent \$10k+ months**
 - with offers that are irresistible, marketing that converts even while you sleep, and a business model that doesn't require burnout to hit big numbers.
- **We rewire the subconscious identity that's been quietly sabotaging your success**
 - no more ghosting your own goals, spiraling in self-doubt, or playing small because deep down you don't feel “ready.” We upgrade your self-concept to match the level you say you want to play at.

- **We design a life and business that looks good *and* feels peaceful**
 - the kind of day where you're taking client calls from your dream home, booking spontaneous trips, and turning down clients because you're full... *not because you're fried.*
- **We refine your offers + content strategy to position you as the go-to in your space**
 - high-ticket, high-retention, built for longevity, impact, and brand power. We cut out fluff and create messaging that makes people say “I need this.”

THE RECLAIM DIFFERENCE

Unlike short intensives where we zoom in and recalibrate *one* area, **Reclaim is a full-spectrum container.**

This is where we zoom out → across quarters, pivots, income goals, identity shifts, launches, breakdowns, breakthroughs, and lifestyle recalibration.

This is not for the woman who needs to be convinced.

This is for the one who already knows she's going somewhere big, and wants **the space, strategy, and sharp mirror** to get there without compromise.

WHO THIS IS FOR:

- ✓ You're already successful—but your standards are evolving, and you need your life, brand, and business to catch up
- ✓ You want a space that blends mindset, strategy, energy, and identity—not just one piece of the puzzle
- ✓ You value having a coach in your back pocket to *move fast*, make cleaner decisions, and work through resistance before it becomes sabotage
- ✓ You're here to lead with more—more money, more visibility, more voice, more peace—and you're done holding back

WHO I AM IN THIS CONTAINER:

I'm a coach and mentor who sees things most people don't.

I'm observant, intuitive, assertive—but I'm also spacious, calm, and strategic.

I won't let you bypass your patterns, play small, or get lost in busy work.

But I also won't micromanage your every move.

We build *with* you, not *for* you.

I believe you can scale and be regulated.

Lead and be supported.

Go bigger and still feel rooted in who you are.

Here's what the next 6–12 months could *actually* look like when we work together:

You finally hit your first \$20k–\$30k month

– not from panic-posting or pushing through burnout, but from a business model built on aligned offers, clean systems, and a nervous system that's calm AF while money flows in.

You rebuild your entire business ecosystem

– your pricing reflects your value (no more undercharging), your schedule honors your energy (no more squeezing clients into your lunch break), and your client experience feels luxe, clear, and powerful.

You expand your visibility without the crash-and-burn

– showing up online no longer hijacks your nervous system. You're seen, respected, and *remembered*—without needing to constantly prove your worth.

You stop outsourcing your power to everyone else

– and start making moves from deep self-trust. No more second-guessing every decision or waiting for someone else to tell you it's a good idea.

You recalibrate your entire life around your *actual* vision

– the one where your business funds your dream lifestyle, not consumes it. Think slower mornings, travel on a Tuesday, and freedom that isn't just a Pinterest board—it's your daily reality.

INVESTMENT:

💰 \$2,200 USD/month | Pay in Full: \$11,000 USD (6) or \$23,000 USD (12)

📅 Minimum 6-month commitment (option to extend to 12 months)

📍 Strategy intensives can be in person (Brisbane-based)

This is a mentorship. Not a coaching call slot.

This is a relationship. A portal. A power move.

You already know this is your next level.

(Testimonials below)

I'm honestly emotional writing this.

I cannot even believe the woman I am today compared to when we first started working together. In the past three months alone, I've hit \$30k cash months *consistently* (what the actual fck 🤔) but it's not even just the money that blows me away.

It's how I feel moving through my life and business now. I don't doubt. I don't shrink. I don't apologise for wanting more. I feel completely anchored in who I am and what I'm building. For the first time, success actually feels safe in my body and I know that's because of the identity/subconscious stuff we've done.

Thank you for changing my life in ways I didn't even realise I needed. Love you endlessly 💕

I got SO much from that call, thank you for providing this space Jess 🧡 you're doing amazing things for people and I'm so glad I took the leap and did this with you!

Thank you for the space you hold. Being in this container already feels like I've upgraded who I am x

I feel as if I truly am a different person from 18 months ago, again from 12 & 6 months ago. My life has completely transformed and I have developed, evolved and grown continuously through your mentorship. This 1:1 space has been monumental to my shifts and growth — I am so so grateful. As I've said before this will always be the best investment I've made.

Honestly I am really grateful for the work you do because it combines all the things that I value in my business.

The grounded conscious wisdom without the fluff. The straight forward business and the deep personal work.

So much gratitude honestly for what you do and the space you create.

Felt so fricken empowering and I MINIMISED THE GAP from my old identity to my new and improved and continuous improvement of my new identity.

Also, I really want to say thank you Jess. It's only been 2 weeks and I've never felt so excited about this. After years I finally feel all my ideas are coming together so beautifully and I really appreciate your support, workshopping & input 🔥

Hey lovely. This is super random.

But I just want to say thank you so much for teaching me so much about identity work & how to move through different identities as we grow.

I've definitely moved through so many & I'm going through that right now

Thank you for teaching me how to hold myself through the changes and challenges that comes with it

I have been able to change behaviour patterns that were no longer serving me and work through healing trauma that had hung over me since I was a little girl. Business wise I have had 5 figure months, I have goals that I never thought were within reach, I've been on 3 trips in the last year with 3 more planned for the next 6 months and I have an amazing balance where I get to spend so much quality time with my beautiful kids.

Jess' capacity to work not only on personal growth but business as well is what makes her coaching so unique.

I do not hesitate in recommending Jess, not only are you making investment for the present but for the future. Working with Jess has been the best thing I have ever done and I am so beyond grateful for our paths to have crossed. I would not be the woman/mother and business owner I am today without you.

Jess thank YOU so soo much for the strategy call. You are a master at your craft 🙏 I feel like a weight has been lifted off my shoulders and now I have complete clarity on my revenue goals and the product suite to achieve what I want to achieve in this business.
