COMMISSION PROCESS

Slot System

☆ There will be a total of **10 open slots** (this includes personal & commercial). If the commission is accepted and first installment payment is received, you will hold a slot on a list for me to do your commission when I get to it after the previous one.

☆ **ONLY AFTER** I draw a quick sketch/concept and it is approved by you the customer, will I ask for payment in order to fill a slot.

☆ If payment is not received, then the slot will remain open for someone else.

PAYMENTS

☆ **Payment first:** I'll send an invoice via PayPal/email/cash app/Venmo and Apple Pay.

☆ I require **half** of **total amount** at the beginning to have a slot (meaning I will definitely work on your commission after finishing the previous one ahead of you), then the **other half** when it's **completed**.

☆ If you wish to pay full up front that is completely up to you and you will be moved up the line to complete compared to the others who have chosen to only pay half but that still means you will have to wait until I get to you after the previous commission has been done.

☆ Commissions should take around 1-2 weeks each to complete as I have a life, personal home issues and other things to deal with! although I will keep you updated throughout the process!

☆ HAVE SECOND INSTALLMENT READY WHEN COMPLETED OTHER WISE YOU WILL NOT RECEIVE FINAL PRODUCT
