

Application for running a Satellite during the Conference of Complex Systems 2025 Siena (Italy)

Successful satellite applications will be asked to organise and manage their sessions by their own committees. The satellite organisers are responsible for reviewing proposed papers and working with their presenters, and managing their webpage. If accepted, the CCS'25 committee will advertise the satellite adding the link of the satellite to the main conference webpage.

Title of the Satellite:	
Field: (e.g. Human Mobility)	
Topic: (e.g. Inequality)	
Website of the satellite (it does not need to be already online)	

The satellite chair is responsible for all the communication with the main organisation of the conference. Please, make sure that the satellite chair is responsive and available for fulfilling this requirement.

Satellite Chair:

Title (Mr(s)/Ms./Dr./Prof.):	
First Name:
