

Space Rover Run - Privacy Policy

Information We Collect

The app may store basic game statistics on your device, such as best score, total samples collected, total transmissions, and games played. No personal information is collected.

How We Use Information

Stored game statistics are used to:

- Remember your best score and progress between sessions
- Display lifetime stats on the main menu

Data Storage

All data is stored locally on the user's device using app-specific storage. No data is sent to any server or cloud service.

Third-Party Services

The app does not use third-party advertising or analytics services.

Data Sharing

The app does not share data with any third party. All game data remains on the device.

User Choices

- Clear app data from Android settings to reset saved progress
- Uninstall the app to remove all local data
- No account or login is required to use the app

Children's Privacy

The app is not designed to collect personal information from children.

Data Security

The app uses Android app-specific storage where applicable. Users should keep their device and operating system updated to help protect local app data.

Policy Updates

This policy may be updated when app features or data practices change.
