

# UNDERTALE CHARITY LIVE STREAMS!

For Undertale's 10<sup>th</sup> year release anniversary, I plan to host charity live streams in the game's honor! It will be a full playthrough of the Pacifist Route, featuring live voice acting for all characters! Thus, I am seeking a female voiced person to play the roles of Toriel, Undyne, Alphys, as well as recurring characters like Temmie, Catty, Bratty, etc. You would join me in stream via discord, playing the female characters while I handle the male characters! In addition, I hope to record a full fan dubbed video of the final pacifist route boss fight, which includes the above mentioned characters! This would be recorded separately.

## SOME THINGS TO NOTE:

- **Professional microphone quality is a must**, as I would prefer my scene partner to have comparable mic quality to my own.
- The live streams would occur on **September 16<sup>th</sup>, 17<sup>th</sup>, and 18<sup>th</sup>**, **with each stream beginning at 9 PM EST** and lasting approximately three hours. **Please ensure you have availability for those dates & times before you audition!** Recording for the youtube video would occur about a week later.
- You will not be live directed during the live streams, as they are meant to be a more casual affair! For the youtube fan dub videos, live direction may be requested, so I would prefer someone with experience being directed.
- Please audition with the exact recording setup you would use for the final fan dubbed video. If your live stream setup would be different, please inform me.
- **I would prefer to cast someone who is a fan of Undertale**, but this is not required. In your audition e-mail, you can share your experiences with the game, if you like.
- I will pay you \$100 out of my pocket at the end of the charity live streams for your time.
- For the youtube fan dub video, I can provide \$50 for your work.
- The live streams will be in support of the Trans Lifeline charity. If you have an issue with that, save me the trouble and do not audition.

## AUDITION GUIDELINES:

- **Please audition for all of the available roles!** I am looking to cast just one person, so I need to hear your vocal and emotional range!
- Please title your e-mail: **Undertale Live Stream Auditions**.
- Please split your audition files up by character. Please do not submit one audio file that includes lines for multiple characters.
- Please title your audition files as: **charactername\_yourname**. For example, "*Toriel\_JaneDoe*" or "*Alphys\_LittleMissMuffetSatOnATuffet*", etc.
- Much of the game's dialogue functions like monologues, so the audition lines are quite lengthy. Because of this, I am not requesting multiple takes. Instead, show me as much emotional range as you can within these mini monologues! You can still provide multiple takes if you wish.
- Attach your audition files to the e-mail. **No zip files or external links please.**
- If applicable, feel free to include your character demo reel in the e-mail as well.
- Submit your auditions to **timberpuppers@gmail.com**

- The audition deadline is **11:59 PM EST on Thursday, September 11th**. If you require a short extension, please send an e-mail request prior to the deadline.

## AVAILABLE ROLES

### **TORIEL**

**BIOGRAPHY:** Toriel is the former Queen of the monsters, the ex-wife of Asgore, the mother of Asriel, the adoptive mother of the first human, and the first boss, as she guards the Ruins exit. Toriel wishes to protect and to teach the player character to avoid the dangers of the Underground.

**VOICE PRINT:** Middle-Aged Female. Motherly, Warm, Affectionate. While generally tender, she is known to employ tough love. She is overly protective of the player character due to a deep hurt from her past, and that should show in her voice at times.

### AUDITION DIALOGUE

*(Toriel's introductory dialogue. This line needs protectiveness and motherly warmth.)*

**TORIEL:** What a terrible creature, torturing such a poor, innocent youth. Ah, do not be afraid, my child. I am TORIEL, caretaker of the RUINS.

*(Asgore, Toriel's ex-husband, is trying to make nice with her, and she is not having it. She is dragging this man, and her sassy side needs to show here.)*

**TORIEL:** Do not "Tori" me, Dreemurr! You pathetic whelp. You made everyone live in despair...Because you would rather wait here, meekly hoping another human never comes.

*(The player character is trying to leave the ruins. Toriel is being stern and protective, explaining why she cannot allow them leave. This needs a mix of tenderness, sadness, and tough love.)*

**TORIEL:** Every human that falls down here meets the same fate. I have seen it again and again. They come. They leave. They die. You naive child... If you leave the RUINS...They... ASGORE... Will kill you. I am only protecting you, do you understand? ... go to your room. Do not try to stop me. This is your final warning.

### **UNDYNE**

**BIOGRAPHY:** Undyne leads the Royal Guard, which protects Asgore and patrols the Underground to find humans. Undyne is passionate about everything that she does. She acts quickly on her ideas and is steadfast in her beliefs.

**VOICE PRINT:** Young Adult Female. Textured, Badass, at times

rambunctious, at times tender. There is a raging fire within her that sometimes comes to the surface, and it must sound borderline over the top at times.

### **AUDITION DIALOGUE**

*(Undyne's introductory dialogue. She is an utter badass, but quite the unhinged showman. Start deadly serious, then explode with fury to an almost comical degree)*

**UNDYNE:** I shall tell you the tragic tale of our people. It all started, long ago...No, you know what? SCREW IT! WHY SHOULD I TELL THAT STORY WHEN YOU'RE ABOUT TO DIE!?! NGAAAAHHHHHHHHHHHHHHHHHHH!

*(After challenging the player character to a rematch after they become friends, she finds the player character cannot muster up any effort to harm her. She is reflective, betraying her tender side.)*

**UNDYNE:** Heh, you know what? I don't actually want to hurt you either. At first, I hated your stupid saccharine schtick, but...The way you hit me right now, it...Reminded me of someone I used to train with. Now I know you aren't just some wimpy loser. You're a wimpy loser with a big heart! Just like him...

*(She is talking to Alphys after Alphys has a nervous breakdown. Undyne genuinely cares for this person and wants to make her feel better, in her own unique way.)*

**UNDYNE:** I don't care if you're watching kid cartoons or reading history books. To me, ALL of that stuff is just NERDY CRAP! What I like about you is that you're PASSIONATE! You're ANALYTICAL!! It doesn't matter what it is! YOU CARE ABOUT IT!! 100-PERCENT!! AT MAXIMUM POWER!!!

### **ALPHYS**

**BIOGRAPHY:** She is the incumbent Royal Scientist, a position she was awarded by Asgore after the disappearance of her predecessor. She bears a lot of guilt over a mistake she made in her position and does not forgive herself for it.

**VOICE PRINT:** Young Adult female. Higher pitched, nerdy, perhaps nasal. Though she often stammers and trips over her own words, she is at times extremely passionate.

### **AUDITION DIALOGUE**

*(Alphys' introductory dialogue. She is nerdy, neurotic, lacking confidence, but lovable all the same, and that needs to come through.)*

**ALPHYS:** Oh. My god. I didn't expect you to show up so soon! I haven't showered, I'm barely dressed, it's all messy, and...Ummm...H-h-hiya! I'm Dr. Alphys. I'm ASGORE's royal scientist! B-b-but, ahhhh, I'm not one of the "bad guys"!

*(Alphys is rambling about a TV show she loves. She should sound passionate and excited. Play around with talking really fast, like this is an unadulterated stream of consciousness.)*

**ALPHYS:** It's all about this human girl named Mew Mew who has cat ears! Which humans don't have! S-so she's all sensitive about them! But like...Eventually! She realizes that her ears don't matter! That her friends like her despite the ears! It's really moving! Whoops, spoilers, Also, this sounds weird, but she has the power! To control the minds of anyone she kisses!

*(Alphys is baring her soul. She is in love with Undyne, but her imposter syndrome and her guilt over her past actions have left her feeling utterly without confidence in herself.)*

**ALPHYS:** Undyne...She's so confident...And strong...And funny...And I'm just a nobody. A fraud. I'm the royal scientist, but...All I've ever done is hurt people. I've told her so many lies, she thinks I'm...She thinks I'm a lot cooler than I actually am. If she gets close to me, she'll...She'll find out the truth about me. What should I do? The truth...? But if I tell her that, she'll hate me.

*Some description and character details were taken from the Undertale fandom wiki. Nobody's voice samples will be used to train AI.*
