Abel Rojoazul

(confused)

What do you think they're talking about?

Lance

(looker closer)

I don't know, I can't tell.

They can only see that their conversation is indifference as Newton pulls out a piece of paper and gives it to Kimmy as she begins to read it. Newton was talking as Kimmy was reading the paper. Then she gave it back to him and she smiled for a bit as she and Newton hugged each other and then they left.

Dennia Rosita

(happily)

I know your girlfriend will be right back at you.

Newton

(nod)

Dennia Rosita

(she gets up)

[Sigh] I told him to not get the Meatloaf, I'll be right back.

After Dennia leaves the Cafeteria, Ilana turns to Newton; still wondering about him and Kimmy.

Ilana

(confused, ask)

So Newton, what did you say to Kimmy?

Newton

(explained)

I've told Kimmy that I have a condition of Tenesmus, which makes me want to go to the bathroom but it doesn't want to go.

Lance
(Raise his eyebrow)
And did she believe that?

Newton
(nod)
Yeah, she understand of my 'private' condition. As she once have
a embarrassed condition of her own, which is a buttlock-

Ilana
(wave both of her hands, disturb)
Ok! I don't know what to know!

A new Helicopter was flying near the impact, Brick Jackson was reporting.

Brick Jackson

(speaking)

This Brick Jackson reporting at the scene, there has been yet another impact here to this open field near the city. I am getting reports that the military is dispatching a unit to deal with the threat and what I have been told..wait what's that?

Something was coming out of the crater as it revealed to be an arachnid like monster as it roared as it began moving.

Brick Jackson

(Shocked)

I couldn't believe what I was seeing, it seemed to be a spider like monster and it looked like that it's over 200 hundred feet tall!!

The Mutraddi Spider notices the news copter and it spews out a web-like substance on its abdomen and is about to hit the helicopter.

Brick Jackson

(shouted)

Pull back! Pull Back!

The Helicopter manages to miss it, the Mutraddi Spider begins moving, heading straight for the City.

INT. Sherman High, Cafeteria- Noon

The trio witness it as the School Announcement came on,

P.A.

Attention all students, please evacuate the School in an orderly fashion way.

As soon as the alarm began to ring, the Students began to evacuate. But the Trio began heading in a different direction. Octus receives a call from Kimmy in his mind, he answers it.

Kimmy(O.V.)

(Concern)

Newton! Where are you?!There's another alien attack!

Newton

I'm with Ilana and Lance, but I can come and try to find you.

Kimmy(O.V.)

No, I'm okay. I'm with my friends, just be careful.

Newton

(Nod)

I will,

Newton ended the call as he,Lance and Ilana past through the crowd and sneak at the back of the school. Checking that there is no one around, the two Galalunia active their armor and Newton turn off his holo projectile. And the three heads off to the Mutraddi Beast.

EXT.Sherman,Outskirt of Town - Noon

The Mutraddi Beast was near the city, the military is trying to hold it off with their weapons. But it has no effect,as it shoots its' substance at them which hits the and they are stuck as the trio arrive.and then it causes them to be stuck as the trio came to the scene where they observe the scenario.

Lance

(asking)

Octus, what is that?

Octus did his scanning as he did it on the substance.

Octus

(Explaining)

**Unknown, this is a different type of Mutraddi mega beast. It's
web-like substance is highly unremovable.**

Ilana

(Concern)

**I'm worried about the citizens. I don't want them to get caught
in the creatures' way.**

Lance

(nod in agreement)

Then let get to it,

Octus

(exclaimed)

Initiate Sym-Biomatic Titan!

Octus activates as he enlarges as he beams Ilana and Lance which
the three start to combine into their Titan form.

As the Mutraddi MegaBeast was getting closer in the city, it
stopped when it looked up to see the Titan dropping on top of
it. It made an impact on the creature, but it seems to be no
harm as it roars at Titan; it grabs its legs to cause them to
fall on the ground.

Octus

(scanning as explaining)

The creature has a tough skin, it barely makes a dent.

Lance

Then let's make a hole in that beast.

Titan dives towards the creature as he pulls out a sword and
attacks to the cut on its abdomen but no mark has been made. The
Beast retreats by hitting Titan.

Lance (O.V.)

It didn't even make a dent!

Octus
(scanning)

Its abdomen is so hardened that not even stabbing right through
is an opinion. May I suggest using the Arm Cannon?

Ilana (O.V.)
It's worth a shot.

Titan summons its' Arm Cannon as it charges up at the Beast,

Lance (O.V.)
Ready.....Aim....

Before they could fire, they were interrupted by a ringing of a
phone call, Octus checked and saw that it was Kimmy.

Octus
It's Kimmy!

Ilana
Take it later! We're in the middle of something!

Octus
No, I got this. I have these features to deal with this. Let
answer her,

Ilana
Octus, not right now!

But Octus didn't listen, instead he answers the call and Kimmy
talks through to him.

Kimmy (O.V.)
(Concern)
Newton! Where are you?

Newton
I am....

He track down Kimmy's phone call as she is located in front of the school,

Octus

I'm at the back of the School, but I can come to you right away.

Kimmy(O.V.)

Ok, but hurry I can see The Titan is fighting the beast. But somehow it stops,

Lance

(upsetting)

That's because Octus answered in the middle of the fight!

Kimmy(O.V.)

Is that Lance? Are you with your friends?

Octus notices that Ilana and Lance are anxious that they are in the middle of fighting the Mutraddi MegaBeast. Then he activates something in his system, a signal disruptor which bothers the connection between him and kimmy.

Octus

Yes, Kimmy. Lance and Ilana are with me. Are you with your friends?

Kimmy(O.V.)

(Confused, garble)

Newton....?.....I...hear...what...are you....

Octus ended the call by making it look like the call was disconnected.

Ilana

(Annoyed)

You should've answered to her AFTER we beat the Mutraddi MegaBeast.

Octus

(sigh)

I know, but I was worried.

Lance
Uh, guys? We're stuck.

Octus and Ilana
(shock)
What?

They find themselves stuck in the Web substance, with their arms and legs stuck to it. The Mutraddi Megabeast roars as it jumps on Titan and it begins using its chelicerae to impale on Titan.

Ilana
(groan in pain)
I can feel its bite right through us!

Lance
(grunting)
How can it manage to get through the armor?!

Octus
(scanning)
Its Chelicerae is highly strong and hardened, it can pierce through a hole on the ground.

Ilana
(grunting)
What are we gonna do?!

Octus
(thinking)
I am trying to find a solution for this situation!

Lance
We may not have time to think!!

The Mutraddi MegaBeast was continuing to attack Titan which was struggling to free itself from the web substance. Suddenly bites off a piece of its armor as it roars wildly.

(Black Out) Act 2

EXT. Sherman High, School Parking lot-Noon

Everybody was watching the battle as Jason, Kristen, Kimmy and her friends. They watched Titan getting beaten by the Mutraddi. Kimmy was concerned about Newton as she tried to look for him.

Kimmy
(worried)
Where is Newton?

Amber
(placing her hand on Kimmy's shoulder)
I'm sure he's somewhere in this crowd.

Kimmy smiles at her friends, but suddenly something flies over them at high speed as it heads toward the City.

EXT. Sherman, Outskirt of Town- Noon

The Mutraddi MegaBeast was doing more damage than ever as Titan was in danger as the Trio were trying to find a way.

Octus
(scanning)
I'm trying to find any weak points, but the Mega Beast keeps on attacking and won't let me concentrate!

Lance (O.V.)
(grunting)
Damn! If only we need something to get out of this web!

The Mutraddi MegaBeast was about to attack one more time but then it was distracted by a noise. Then something flew right into its eyes. It exploded as the MegaBeast screamed in agony, the Trio noticed it.

Lance (O.V.)
(surprise)
What was that?

Octus
(scanning)
It seems that something has hit one of the creature's eyes,
which I assume it's the weakness.

Ilana(O.V.)
(asking)
He means, what did you see who attacked that creature?

Octus
(scanning)
I'm detecting something,two unidentified objects are heading
this way. Wait hold on.

Lance(O.V.)
(confused,asking)
What is it?

Octus detecting a message from the two unidentified object,

Octus
It seems they are hailing us.

Ilana(O.V.)
Answer it, they just save us.

Octus answers it, and two holographic screens appear as two
voices are in techno vocal.

Unidentified Male(O.V.)
It seems that you three needed help.

Unidentified Female(O.V.)
You're lucky that we are here.

Lance(O.V.)
(suspiciously)
Who are you?

Titan look up and see two armor suit hovering above.

Unidentified Female(O.V.)
Relax, we're on your side.We're from the Three Gs,Solomon sent
us.

Ilana(O.V.)
(ask)
Solomon?

Then the Mutraddi MegaBeast came back as it roar angrily

Unidentified Female(O.V.)
We should focus on the Beast and then we can talk.

Unidentified Male(O.V.)
(pull out a weapon)
Seems that you're stuck. Let me help you.

He cut through the webstance as the other one, they have free
Titan as it gets. They face the Mutraddi MegaBeast as it
prepares to attack,the two link their scanning to the Titan.

Unidentified Male(O.V.)
(Explaining)
We check on the creature and we discover that his weakness is
the Abdomen.

Lance(O.V.)
But we already tried that, it didn't make a dent!

Unidentified Female(O.V.)
(Explaining)
That may be true, but not where the Substance came from. It
becomes vulnerable when it shoots out its Web.

Octus
(scanning)
She is correct,the Abdomen is vulnerable when it shoots out the
web substance.

Ilana(O.V.)

(realizing)

Wait, are you saying that we need to...

Unidentified Man(O.V.)

That's right, we're gonna have to destroy what we are gonna have to do.

Ilana(O.V.)

(disgusted)

Oh, gross!

Octus

It is our only opinion.

They all agree as the Mutraddi MegaBeast begins charging towards them.

Unidentified Male

(told)

We'll distract it, wait for an opportunity to strike it down.

Titan

(nod)

We will, good Luck.

They split as the Mutraddi MegaBeast changed the two 3G Agents. Titan fly upward to summon a weapon; they avoid the legs that try to grab them. They both shoot again into the eyes which makes it more aggressive, then it decides to shoot out its web and try to hit them. But it leaves an opportunity for advancement for Titan.

Octus

(told)

I see the weakness, Lance, Ilana attack with it shoots!

Ilana&Lance

(nod)

Right!!

Titan summoned a spear and waited for the Mutraddi MegaBeast to shoot its web again and when it was about to, they threw the spear at it when the creature shot. The spear pierce right into the abdomen as the two 3G shoots bombs into the abdomen and the moment they enter, the bombs explode destroying the Mutraddi MegaBeast from the inside. It cause a shockwave which was so powerful that it shatter the windows and it goes throughout, even it shatter all of the windows of Sherman High. The smoke clears showing Titan and the two G3 with the Mutraddi MegaBeast dead on the ground. Everyone in the city cheered as Titan looked at the two 3G agents, then they hand-signaled them; meaning that they wanted to discuss elsewhere. They left the city and landed at the forrest. There where the Titan de-combine into the three, and the two began getting out of their armor revealing themselves in a different 3G uniform and their masks are different.

Lance
(Confused)

I have questions, what kinda 3G are you? And who are you?

Unidentified Male Agent
(explained)

I'm Agent Jul-16-99 and this is Aug-6-00. We're the newest division of the Galactic Guardian Group, Solomon has assigned us to assist you.

Ilana
(ask)
What happened to Solomon?

Agent Aug-6-00
(explained)

The 3G went into hiding after General Steel declared us enemy after helping you escape one of his bases. We were in the middle of training during that time,

Agent Jul-16-99
(nod)

But now, we were given a new assignment. To assist you with your fight with the Mutraddi, those are the orders from Solomon.

Ilana was happy to hear, Lance was skeptical at first but he agreed as Octus scanned their armor.

Octus

(scanning)

I noticed that your armor is almost similar to the Manus and Corus armor.

Agent Aug-6-00

Well when you were brought up to the fortress, our scientist did research on your watch. We managed to create the same technology and therefore we have created these armor in hopes of helping you and the Mutraddi Beast that might come.

Ilana

(happily)

Thank you, I hope we get to do better. By the way, thank Solomon for us, because he was able to fix Octus.

Agent Jul-16-99

(nod)

Will do, anyway here. It's a memory Projection, our scientist has been cooking up. you should be able to look at your memories,

He handed it to Octus as the two went back to their armor, before they left.

Agent Aug-6-00

You should be back at School, your friends should be worried about you three.

The moment that the two left the trio, they took off towards Sherman High School.

EXT. Sherman High, Parking Lot-Noon

The School has some damages due to the shockwave, Firefighters and Police were checking if there was anyone there. As they go through the hallway, they hear a noise they check and see that the trio were trapped in a classroom. The authorities and helpers move the rubble and get the trio out of there and lead

outside, once they were outside. Kimmy, Jason and Kristen see them and run up to them.

Kimmy

(Hugging him, in relief)

Newton! I was so worried about you! What were you doing inside?

Octus

(explained)

Me and my friends were trying to get through the School Building, but something shook the building and caused the ceiling to collapse and trap us inside.

Jason

(explained)

Oh, that's because the Titan threw a spear like weapon at the alien's Abdomen and it exploded a very powerful shockwave!

Monica

(nod)

Yeah, it was so crazy that it broke the window and some of the School.

Tiffany

(smile)

I'll bet we won't have School for a while.

Abel Rojoazul (O.V.)

Well I hate to be the bearer of bad news, but the Principal announced that School will be open. They're making calls to have portable classroom,

They turn to see Abel and Dennia walk towards them,

Ilana

(ask worry)

Dennia! Abel! Where were you two?

Dennia

(explain)

I was with Abel, he was throwing up the Mystery Meatloaf.

Amber
(disgusted)
Ew! You ate the mystery Meatloaf?

Abel Rojoazul
(groaning as he place his hand on stomach)
Don't remind me, anyway Lance shall we tutor you in your house?

Lance
(shrug)
Sure, I guess.

Ilana
(rub her head)
Today was a rough day. Let's go home.

The trio left the school,

INT. Sherman, Lunis House, Living room-Evening

Ilana, Lance and Newton were checking out the gift from the 3G which shows them a holographic projection like their battle today.

Lance
(surprise)
Wow, this is very surprising.

Octus
(nod)
Indeed, this Holographic Memories Projection gives me goosebumps.

Lance
(confused)
Ok.....?

Ilana
(sigh)

I wish that we find a way to come back home, my father and my people are waiting for me to return to save Galaluna.

Lance

(Assuring her)

We are going to find a way to save Galaluna.

The Trio smiled as the doorbell rang, Newton went to answer it and it was Abel and Dennia; with them Kimmy, Jason, Kristen and Edwin and also Kimmy's friends.

Abel Rojoazul

(greeted)

Hey Lance, what's up?

Dennia Rosita

(smile)

Nice place, much better than mine.

Kimmy

(wave)

Hi Newton.

Kisten

Hey...

Jason

(nervously)

Hi Ilana!

Ilana

(surprise)

Jason!

The trio was surprised to see not just Abel and Dennia but their friends and classmates from School.

Edwin Pisinski

(happily)

Welcome home!

Newton
(confused)

What are you guys doing here?

Kimmy walks up to him and then she kisses him, which Dennia finds romantic.

Kimmy
(smiling)

We just want to have a little bit of a celebration when you came back.

Abel Rojoazul
(nod)

Yeah, plus this is a welcoming present from me and Dennia.

Ilana
(smile)

Thank you. I'm sure that we'll have a splendid time.

Later on, during the night. Newton and Kimmy were hanging around watching High School Heights with Dennia watching it. Ilana and Jason were on the roof watching the stars as they grew attached to each other. Abel is at Lance's room reading the notes to him as Lance works out and also Kristen seems to be interested but Amber, Monica and Tiffany are really enjoying it. The trio were happy to back new friends, new allies into their journey.
