TRANSLATIONS

Nuit d'etoiles

Night of stars, beneath your veils,
beneath your breeze and fragrance, a sad lyre that sighs: I dream of bygone loves.
Serene melancholy now blooms deep in my heart,
and I hear the soul of my love quiver in the dreaming woods.
Once more at our fountain I see your eyes as blue as the sky;
This rose is your breath and these stars are your eyes.

O Virtus Sapientiae

O Wisdom Divine! Whirling, you encircle and
embrace everything in the single way of life. Three wings you have:
one soars above into the heights, one from the earth exudes,
and all about now flies the third. Praise be to you, as is your due, O Wisdom.
