Syracuse University Student Association

To whomever it may concern,

My name is Kennedy Williams, and I am pleased to be applying for the position of At-Large Representative in the Student Association. I have been a member since fall 2021 and plan to continue being so.

As a member of the Student Association, I hope to provide organization, diligence, and a friendly face every now and then. I am passionate about advocacy, community service, and law, and student association is a place that allows me to explore all these things. I have so many ideas I'd love to share with this school if given the opportunity, and so much I would love to learn from them. I'm hoping that going into my second semester, I will have developed an even better understanding of not only Syracuse University's student body and how to serve them, but anything else it has to offer me just by being in the environment.

Kindly,

Kennedy Williams
