

Our Athens Area Chamber of Commerce LEAD Athens Class of 2016 is looking for someone who can shoot and edit a short video of no longer than 10 minutes dealing with our group's annual project.

The subject matter has been selected, so we would need mostly video editing knowledge and music added.

Videos are due by April 4<sup>th</sup> in two formats (e.g. disk and thumb drive, YouTube link and disk, thumb drive and YouTube link, etc).

Should not require a lot of extracurricular time, but a good resume builder

We have a few ideas on how we'd like the video to look, but you would have almost complete autonomy with the direction you'd like to go.
