

XIII Eurasian Mining Forum.

Meeting of the Russian National Committee of the World Petroleum Council.

Brief on the Business Program of «The Mine» Exhibition

October 22-24, 2025, Yekaterinburg-EXPO

The Mining Industry Forum brings together leading experts and companies from the mining sector, reflecting current trends in digitalization, technological independence, innovative methods of mineral extraction and processing, environmental safety, and human capital development. This fosters the promotion of advanced technologies and contributes to the sustainable development of Russia's mining industry.

Key Themes of the Business Program:

- Prospects for the Development of Rare and Rare-Earth Metals Industry
- Development of Domestic Mining Machinery Manufacturing
- Environmental Technologies and Safety in Mining Operations
- Innovative Technologies in Mining
- Digitalization of Mining Enterprises
- Development and Implementation of New Materials
- Geology and Mineral Exploration
- International Cooperation in the Mining Sector

Key Events of the Business Program:

- Meeting of the Council of the Ural Mining Industry Association
- Meeting of the Russian National Committee of the World Petroleum Council
- «Digital Industrial Ural» Forum
- Panel Discussion «Technological Independence of the Mining Industry»
- «Gold Mining Congress: Innovations and Prospects» Congress
