

- In order for the fairy to be added, he/she must have an image and a name. This is so this list will be more entertaining than terribly long (plus, the fairies with images are generally the ones I know more about since I don't own every single book)
- The fairies that are in **bold** are major characters in the movies or books. And for them, I'll only take note of the books/movies they have principal roles in. All of the bolded fairies appear in the books *Welcome to Pixie Hollow* and either *In the Realm of the Never Fairies* or *The World of Fairies*
- For the rest of the fairies, I'll only note the books, movies and games they appear in
- For books, I'll only be counting the *Tales of Pixie Hollow*, *Never Girls* and *Fairy Dust* books. If a fairy doesn't appear in these books, I'll note what they do appear in and *italicize* them
- And lastly, this list will NOT include every fairy in Pixie Hollow. If it did, it would be as long as all the scrolls in the Pixie Hollow library put together (or longer).

Have you ever wondered how nature gets its glow?
