Parent Dropoff & Pickup

Good Morning,

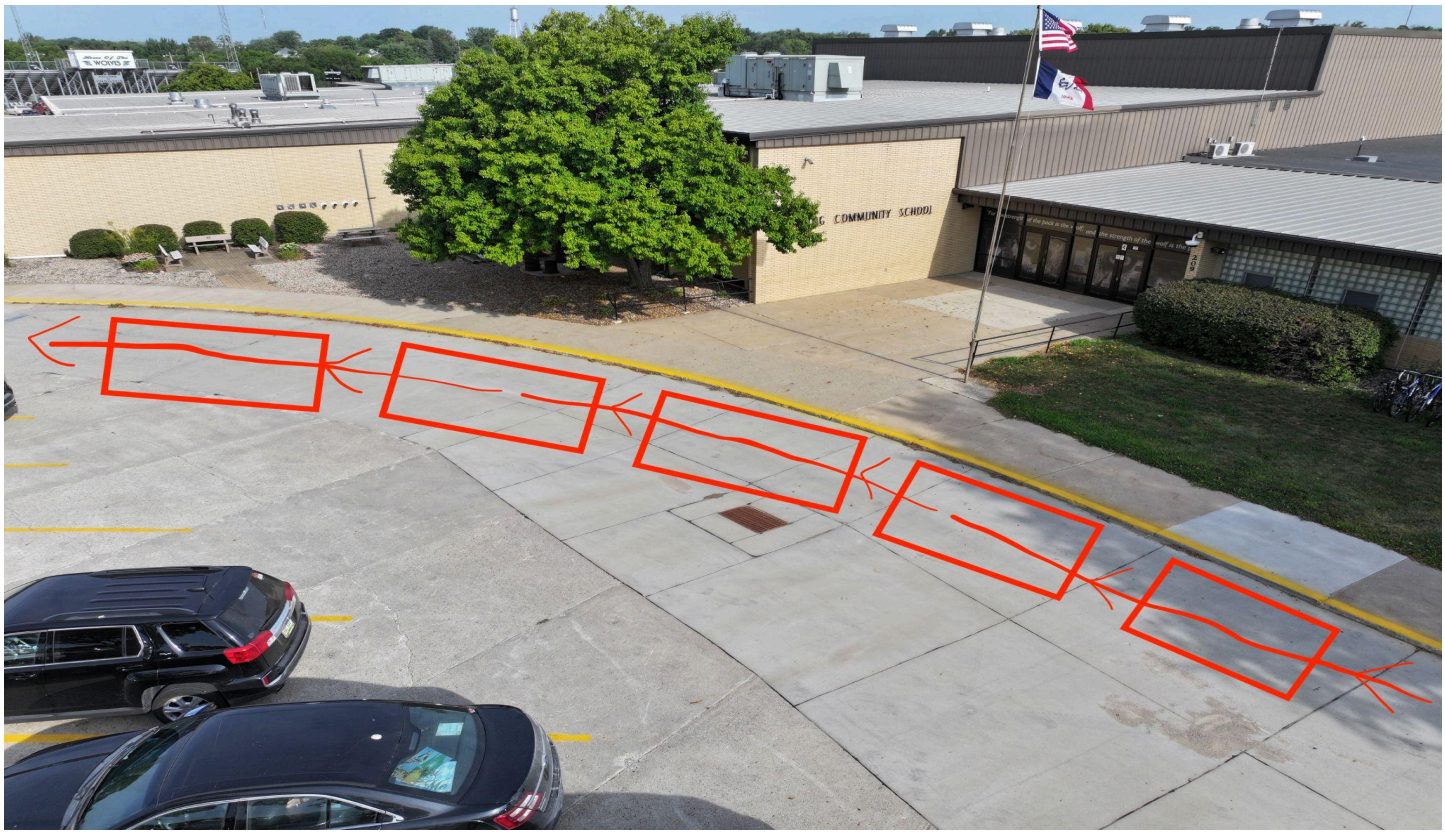

With the start of the new year, there are many things to be excited about. Getting to school is one of them! After observing some of our processes, I noticed a need to clarify our expectations for picking up and dropping off your students.

<u>Tips for Success:</u>

1.) Please walk to your vehicle.
2.) Wait until your vehicle is by the sidewalk, just like the red rectangles below!
3.) NO horseplay while waiting. Be Patient 🙂

What we need help with:

1.) Please wait until your car is along the South Side sidewalk, like the red rectangles, until your child gets picked up. It is a safety concern if kids are running into the parking lot.

** Mrs. Jacobsen took this picture with one of our school drones. These drones are a great learning opportunity for our kids!*
