The Grand Mother

- Very little is known about the Grand Mother. Only the Forerunners and Shillay are in touch with her. She was the one who created the galaxy known as ES-214, along with Valeven and most of its denizens.

(Note: Not every race has an official deity, and not every race with a deity worships the same one. There are Calaith who worship Aleera and Darius, or Trill who worship Drasten. There are also personal deities of individuals who aren't officially recognized.)
